Book 5

Introduction

This book is a daily record of theatrical activity at the Sans Pareil Theatre (1806-1818 seasons) when it was owned by John Scott and managed by his daughter Jane. As a minor theatre, it was only permitted to perform non-dramatic productions. On several occasions, such pieces have been entered in order to keep a record of the earliest days of the theatre. As with all daily calendars, editors check eighty-seven items for possible inclusion in each day's entry.

On the left of each entry are the date of performance, day of the week, time, and theatre abbreviation. (Originally, we hoped to combine other daily calendars with this one.) On the right is the date of the source, its format, and location. Playbills usually cover Monday to Wednesday or Thursday to Saturday. In certain instances, when it proved difficult to choose between variant sources, the editor relied on his or her experience and common sense. Commentary sections note any significant variations.

In the early years of the theatre's history, sources are very thin, and it has sometimes been necessary to assume performances took place even though no record exists. Benefit nights present a special problem. Bills for such performances are rare, since the theatre printed very few, leaving the beneficiary to print and distribute bills privately. Pieces not performed on other nights were often presented on these special occasions. Previous or subsequent bills usually offer little help, but other sources may; the *London Times* was invaluable in tracking *major* cast changes. When programs replaced bills in the last quarter of the century, the editors' work became more complex. The date on the front of a program may not be changed, but cast lists inside differ.

The daily calendar gives titles of pieces as they appear on the bill, but some are standardized. Occasionally, for example, either the main title was changed by the author, by error, or a different subtitle was printed. Editors note such changes in a comment following the title. The computer prints a running total of the number of performances during the season.

After the title or title commentary comes the author's name. In the early years of nineteenth-century theatre, authors were treated with scant respect, and editors often have to supply their names. Even with the help of Nicoll's invaluable histories, editors could not find creators for 200 pieces played between 1806 and 1900.

The computer keeps a record of the dates of first, previous and next performances.

The next entry is a genre description. If one appears on the bill, it is entered verbatim. There was an explosion of fanciful genres, and soon they became humorous playthings. The hit, *Tom and Jerry; or, Life in London*, is described as an "entirely new classic, comic, operatic, didactic, moralistic, Aristophanic, localic, analytic, terpsichoric, panoramic, camera-obscuraic extravaganza burletta of fun, frolic, fashion and flash." In short, many terms were meaningless. "Burletta" was by far the most overworked. This term, never defined by the Lord Chamberlain's Office, was employed to circumvent the fading monopoly of the patent houses (Drury Lane and Covent Garden). Burlettas were deemed to be musical pieces and thus exempt from the monopoly's purview. Wherever possible, editors attempt to give an accurate genre assessment, but it is sometimes impossible to be certain. The number of acts follows this item.

Researchers are frequently interested in tracing names of actors and actresses. Book 14, the All-Inclusive Index, is the place to begin a search for names because it contains all those found in the Calendar and is a guide to every season in which the actor performed.

The cast is presented in considerable detail. For every production, there is an entry reflecting the role/actor pairings for *that* night. At the end of each season are indexes of performers showing every role played and the dates of performance. Changes are automatically performed. In the case of a cast change, the word BUT appears followed by the names of the new actor and the player replaced. OMITS indicates actors omitted from the source. Caution is required with OMITS as there are instances where the bill has simply omitted names because there is no room for them. A cast comment may appear to that effect. ADDS signifies an addition to the cast. Since all first-night casts are given at a piece's debut, the user can check a specific night's listing against them to see if any changes have taken place.

There are three kinds of changes:

| | |
|--------------|---|
| BUT | A role is being played by a new actor |
| ADDS | A new role-actor pair appears in the source |
| OMITS | A role-actor pair is dropped |

We use the entry "Cast truncated in the source" when editors believe no change in the cast occurred, but the bill was shortened to devote more space to new pieces, announcements, puffs, *etc.*

All music, song, dance, and entertainment are noted on opening night and usually not after that. Infrequently, music or songs mentioned for the first time are so important they are included—even if there is no new play on the bill. Also, interludes are listed on their first appearance. No attempt has been made to record all the changes in these items. Users will find the calendar an accurate and quite broad *sample* of the music, dance, and entertainment performed, not an exhaustive record.

Next comes scenery. Unfortunately, pickings are slim here except for the annual pantomime. The nineteenth-century theatre excelled in scenic design and painting. (The new graphics attached to this revised Calendar give some idea of the magnificence of stage settings at the Adelphi.) Whenever possible, the specific act and scene are identified, e.g. II,iv vaults of the Folly, thunderstorm and inundation.

Finally, the editors have entered non-title information. This material is not related to any particular piece on the bill—such as music performed during the evening. Occasionally, announcements appear such as "under the patronage of" or there is an apology of some kind. On the last night, there is sometimes a notice of who will make the farewell address.

Theodore Seward of the Northrop Grumman Corporation, the project's Systems Analyst, has purchased illustrations of productions at the Sans Pareil/Adelphi Theatre. Each of these engravings/photographs is linked to the opening night performance of the piece. The graphics are listed in the "Illustrations" at the beginning of the Contents. For a more detailed account of these images, see the Introduction to the Online Graphics page.

THE SANS PAREIL, STRAND.

As it is our scheme to notice everything, good or bad, in the shape of a public exhibition, the *Sans Pareil* naturally attracted our attention with some force. We are sorry to say, however, that its appellation is only applicable to it, owing to its very high state of imperfection. The first part is particularly abundant in demerits. *Songs and stories* by Miss Scott, (a *Diddie* in petticoats) "*The whole written, selected, composed, and spoken, sung, and accompanied*" by her. The poor girl cannot help it, but her manner of performing her part is almost as unhappy as the matter of which it is

fashioned. The phantasmagoric evolutions are a *shade* better, but, on the whole, it is not a proper combination to offer to the public for an evening's entertainment.

Lent: [Jack] Bologna's Mechanical Exhibition

Sans Pareil Theatre Daily Calendars Summer 1810
Ed. John W. Brokaw

Illustration 3 *Bologna, John Peter (1775-1846): Actor, dancer*

Title: *Bologna, John Peter (1775-1846): Actor, dancer*

Description: Bologna, John Peter (1775-1846): John "Jack" Bologna was Italian, and his career popularized the role of Harlequin. He appeared at the Adelphi in the summer of 1810 with the Covent Garden Company, acting and stage-managing. He formed a strong friendship with the famous clown, Joseph Grimaldi. When the strain of performing became too demanding, he exhibited mechanical objects and devised a ghostly lantern slide show--a "Phantosopia." He died penniless.

3) *Love, Honor and Obey* (1)

Title Comment: From petite comedie of Mons. Patrat *L'Hereuse Erreur*. Translated and redramatised by Miss Scott. It was called in the Folger bill of Feb 13, 1815 "*Love! Honor! obey!*" the original *Brother and Sister*" Dimond's play, *Brother and Sister* was first performed on February 2, 1815; Miss Scott presumably brought out her play as a riposte. The 1815 bill states "has been presented under the first title (i.e. *Love, Honor and Obey*) these three successive seasons."

INTERIOR OF THE SANS PAREIL THEATRE,
Illustration 7 *Interior of the Sans Pareil Theatre 1816*

Title: *Interior of the Sans Pareil Theatre 1816*

Description: Interior of the Sans Pareil Theatre. The auditorium had two straight-sided galleries and was decorated in the Grecian taste. Galleries had been added in 1809. The house could accommodate about 1800 people (£200 a night).

ENTRANCE IN THE STRAND.

Illustration 8 *Exterior of the Sans Pareil 1816*

Title: *Exterior of the Sans Pareil 1816*

Description: Exterior of the Sans Pareil, published by Robert Wilkinson. In 1814, John Scott obtained a lien on the frontage of 411 Strand. He made an entrance through a Greek Doric portico of three bays projecting from the ground floor of the house. In the following year, Scott bought the freehold of the house, and the theatre was sometimes known as The Strand rather than the Sans Pareil. The columns supporting the portico are Doric in style. They are fluted, meaning they have vertical grooves, a smooth rounded capital, and no separate base. The columns rest on a stylobate, which is a flat pavement where rows of columns are supported.

1. Definitions

- a. **"Adaptation"** means a work based upon the Work, or upon the Work and other pre-existing works, such as a translation, adaptation, derivative work, arrangement of music or other alterations of a literary or artistic work, or phonogram or performance and includes cinematographic adaptations or any other form in which the Work may be recast, transformed, or adapted including in any form recognizably derived from the original, except that a work that constitutes a Collection will not be considered an Adaptation for the purpose of this License. For the avoidance of doubt, where the Work is a musical work, performance or phonogram, the synchronization of the Work in timed-relation with a moving image ("synching") will be considered an Adaptation for the purpose of this License.
- b. **"Collection"** means a collection of literary or artistic works, such as encyclopedias and anthologies, or performances, phonograms or broadcasts, or other works or subject matter other than works listed in Section 1(f) below, which, by reason of the selection and arrangement of their contents, constitute intellectual creations, in which the Work is included in its entirety in unmodified form along with one or more other contributions, each constituting separate and independent works in themselves, which together are assembled into a collective whole. A work that constitutes a Collection will not be considered an Adaptation (as defined above) for the purposes of this License.
- c. **"Distribute"** means to make available to the public the original and copies of the Work or Adaptation, as appropriate, through sale or other transfer of ownership.
- d. **"Licensor"** means the individual, individuals, entity or entities that offer(s) the Work under the

terms of this License.

- e. **"Original Author"** means, in the case of a literary or artistic work, the individual, individuals, entity or entities who created the Work or if no individual or entity can be identified, the publisher; and in addition (i) in the case of a performance the actors, singers, musicians, dancers, and other persons who act, sing, deliver, declaim, play in, interpret or otherwise perform literary or artistic works or expressions of folklore; (ii) in the case of a phonogram the producer being the person or legal entity who first fixes the sounds of a performance or other sounds; and, (iii) in the case of broadcasts, the organization that transmits the broadcast.
 - f. **"Work"** means the literary and/or artistic work offered under the terms of this License including without limitation any production in the literary, scientific and artistic domain, whatever may be the mode or form of its expression including digital form, such as a book, pamphlet and other writing; a lecture, address, sermon or other work of the same nature; a dramatic or dramatico-musical work; a choreographic work or entertainment in dumb show; a musical composition with or without words; a cinematographic work to which are assimilated works expressed by a process analogous to cinematography; a work of drawing, painting, architecture, sculpture, engraving or lithography; a photographic work to which are assimilated works expressed by a process analogous to photography; a work of applied art; an illustration, map, plan, sketch or three-dimensional work relative to geography, topography, architecture or science; a performance; a broadcast; a phonogram; a compilation of data to the extent it is protected as a copyrightable work; or a work performed by a variety or circus performer to the extent it is not otherwise considered a literary or artistic work.
 - g. **"You"** means an individual or entity exercising rights under this License who has not previously violated the terms of this License with respect to the Work, or who has received express permission from the Licensor to exercise rights under this License despite a previous violation.
 - h. **"Publicly Perform"** means to perform public recitations of the Work and to communicate to the public those public recitations, by any means or process, including by wire or wireless means or public digital performances; to make available to the public Works in such a way that members of the public may access these Works from a place and at a place individually chosen by them; to perform the Work to the public by any means or process and the communication to the public of the performances of the Work, including by public digital performance; to broadcast and rebroadcast the Work by any means including signs, sounds or images.
 - i. **"Reproduce"** means to make copies of the Work by any means including without limitation by sound or visual recordings and the right of fixation and reproducing fixations of the Work, including storage of a protected performance or phonogram in digital form or other electronic medium.
- 2. **Fair Dealing Rights.** Nothing in this License is intended to reduce, limit, or restrict any uses free from copyright or rights arising from limitations or exceptions that are provided for in connection with the copyright protection under copyright law or other applicable laws.
 - 3. **License Grant.** Subject to the terms and conditions of this License, Licensor hereby grants You a worldwide, royalty-free, non-exclusive, perpetual (for the duration of the applicable copyright) license to exercise the rights in the Work as stated below:
 - a. to Reproduce the Work, to incorporate the Work into one or more Collections, and to Reproduce the Work as incorporated in the Collections;

- b. to create and Reproduce Adaptations provided that any such Adaptation, including any translation in any medium, takes reasonable steps to clearly label, demarcate or otherwise identify that changes were made to the original Work. For example, a translation could be marked "The original work was translated from English to Spanish," or a modification could indicate "The original work has been modified.";
- c. to Distribute and Publicly Perform the Work including as incorporated in Collections; and,
- d. to Distribute and Publicly Perform Adaptations.

The above rights may be exercised in all media and formats whether now known or hereafter devised. The above rights include the right to make such modifications as are technically necessary to exercise the rights in other media and formats. Subject to Section 8(f), all rights not expressly granted by Licensor are hereby reserved, including but not limited to the rights set forth in Section 4(d).

4. **Restrictions.** The license granted in Section 3 above is expressly made subject to and limited by the following restrictions:
- a. You may Distribute or Publicly Perform the Work only under the terms of this License. You must include a copy of, or the Uniform Resource Identifier (URI) for, this License with every copy of the Work You Distribute or Publicly Perform. You may not offer or impose any terms on the Work that restrict the terms of this License or the ability of the recipient of the Work to exercise the rights granted to that recipient under the terms of the License. You may not sublicense the Work. You must keep intact all notices that refer to this License and to the disclaimer of warranties with every copy of the Work You Distribute or Publicly Perform. When You Distribute or Publicly Perform the Work, You may not impose any effective technological measures on the Work that restrict the ability of a recipient of the Work from You to exercise the rights granted to that recipient under the terms of the License. This Section 4(a) applies to the Work as incorporated in a Collection, but this does not require the Collection apart from the Work itself to be made subject to the terms of this License. If You create a Collection, upon notice from any Licensor You must, to the extent practicable, remove from the Collection any credit as required by Section 4(c), as requested. If You create an Adaptation, upon notice from any Licensor You must, to the extent practicable, remove from the Adaptation any credit as required by Section 4(c), as requested.
 - b. You may not exercise any of the rights granted to You in Section 3 above in any manner that is primarily intended for or directed toward commercial advantage or private monetary compensation. The exchange of the Work for other copyrighted works by means of digital file-sharing or otherwise shall not be considered to be intended for or directed toward commercial advantage or private monetary compensation, provided there is no payment of any monetary compensation in connection with the exchange of copyrighted works.
 - c. If You Distribute, or Publicly Perform the Work or any Adaptations or Collections, You must, unless a request has been made pursuant to Section 4(a), keep intact all copyright notices for the Work and provide, reasonable to the medium or means You are utilizing: (i) the name of the Original Author (or pseudonym, if applicable) if supplied, and/or if the Original Author and/or Licensor designate another party or parties (e.g., a sponsor institute, publishing entity, journal) for attribution ("Attribution Parties") in Licensor's copyright notice, terms of service or by other reasonable means, the name of such party or parties; (ii) the title of the Work if supplied; (iii) to the extent reasonably practicable, the URI, if any, that Licensor specifies to be associated with the Work, unless such URI does not refer to the copyright notice or licensing information for the Work; and, (iv) consistent with Section 3(b), in the case of an Adaptation, a

credit identifying the use of the Work in the Adaptation (e.g., "French translation of the Work by Original Author," or "Screenplay based on original Work by Original Author"). The credit required by this Section 4(c) may be implemented in any reasonable manner; provided, however, that in the case of a Adaptation or Collection, at a minimum such credit will appear, if a credit for all contributing authors of the Adaptation or Collection appears, then as part of these credits and in a manner at least as prominent as the credits for the other contributing authors. For the avoidance of doubt, You may only use the credit required by this Section for the purpose of attribution in the manner set out above and, by exercising Your rights under this License, You may not implicitly or explicitly assert or imply any connection with, sponsorship or endorsement by the Original Author, Licensor and/or Attribution Parties, as appropriate, of You or Your use of the Work, without the separate, express prior written permission of the Original Author, Licensor and/or Attribution Parties.

d. For the avoidance of doubt:

- i. **Non-waivable Compulsory License Schemes.** In those jurisdictions in which the right to collect royalties through any statutory or compulsory licensing scheme cannot be waived, the Licensor reserves the exclusive right to collect such royalties for any exercise by You of the rights granted under this License;
- ii. **Waivable Compulsory License Schemes.** In those jurisdictions in which the right to collect royalties through any statutory or compulsory licensing scheme can be waived, the Licensor reserves the exclusive right to collect such royalties for any exercise by You of the rights granted under this License if Your exercise of such rights is for a purpose or use which is otherwise than noncommercial as permitted under Section 4(b) and otherwise waives the right to collect royalties through any statutory or compulsory licensing scheme; and,
- iii. **Voluntary License Schemes.** The Licensor reserves the right to collect royalties, whether individually or, in the event that the Licensor is a member of a collecting society that administers voluntary licensing schemes, via that society, from any exercise by You of the rights granted under this License that is for a purpose or use which is otherwise than noncommercial as permitted under Section 4(c).

- e. Except as otherwise agreed in writing by the Licensor or as may be otherwise permitted by applicable law, if You Reproduce, Distribute or Publicly Perform the Work either by itself or as part of any Adaptations or Collections, You must not distort, mutilate, modify or take other derogatory action in relation to the Work which would be prejudicial to the Original Author's honor or reputation. Licensor agrees that in those jurisdictions (e.g. Japan), in which any exercise of the right granted in Section 3(b) of this License (the right to make Adaptations) would be deemed to be a distortion, mutilation, modification or other derogatory action prejudicial to the Original Author's honor and reputation, the Licensor will waive or not assert, as appropriate, this Section, to the fullest extent permitted by the applicable national law, to enable You to reasonably exercise Your right under Section 3(b) of this License (right to make Adaptations) but not otherwise.

5. Representations, Warranties and Disclaimer

UNLESS OTHERWISE MUTUALLY AGREED TO BY THE PARTIES IN WRITING, LICENSOR OFFERS THE WORK AS-IS AND MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND CONCERNING THE WORK, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR THE ABSENCE OF LATENT OR

OTHER DEFECTS, ACCURACY, OR THE PRESENCE OF ABSENCE OF ERRORS, WHETHER OR NOT DISCOVERABLE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO SUCH EXCLUSION MAY NOT APPLY TO YOU.

6. **Limitation on Liability.** EXCEPT TO THE EXTENT REQUIRED BY APPLICABLE LAW, IN NO EVENT WILL LICENSOR BE LIABLE TO YOU ON ANY LEGAL THEORY FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES ARISING OUT OF THIS LICENSE OR THE USE OF THE WORK, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. **Termination**

- a. This License and the rights granted hereunder will terminate automatically upon any breach by You of the terms of this License. Individuals or entities who have received Adaptations or Collections from You under this License, however, will not have their licenses terminated provided such individuals or entities remain in full compliance with those licenses. Sections 1, 2, 5, 6, 7, and 8 will survive any termination of this License.
- b. Subject to the above terms and conditions, the license granted here is perpetual (for the duration of the applicable copyright in the Work). Notwithstanding the above, Licensor reserves the right to release the Work under different license terms or to stop distributing the Work at any time; provided, however that any such election will not serve to withdraw this License (or any other license that has been, or is required to be, granted under the terms of this License), and this License will continue in full force and effect unless terminated as stated above.

8. **Miscellaneous**

- a. Each time You Distribute or Publicly Perform the Work or a Collection, the Licensor offers to the recipient a license to the Work on the same terms and conditions as the license granted to You under this License.
- b. Each time You Distribute or Publicly Perform an Adaptation, Licensor offers to the recipient a license to the original Work on the same terms and conditions as the license granted to You under this License.
- c. If any provision of this License is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this License, and without further action by the parties to this agreement, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.
- d. No term or provision of this License shall be deemed waived and no breach consented to unless such waiver or consent shall be in writing and signed by the party to be charged with such waiver or consent.
- e. This License constitutes the entire agreement between the parties with respect to the Work licensed here. There are no understandings, agreements or representations with respect to the Work not specified here. Licensor shall not be bound by any additional provisions that may appear in any communication from You. This License may not be modified without the mutual written agreement of the Licensor and You.
- f. The rights granted under, and the subject matter referenced, in this License were drafted utilizing the terminology of the Berne Convention for the Protection of Literary and Artistic Works (as amended on September 28, 1979), the Rome Convention of 1961, the WIPO Copyright Treaty of 1996, the WIPO Performances and Phonograms Treaty of 1996 and the

Universal Copyright Convention (as revised on July 24, 1971). These rights and subject matter take effect in the relevant jurisdiction in which the License terms are sought to be enforced according to the corresponding provisions of the implementation of those treaty provisions in the applicable national law. If the standard suite of rights granted under applicable copyright law includes additional rights not granted under this License, such additional rights are deemed to be included in the License; this License is not intended to restrict the license of any rights under applicable law.

Creative Commons Notice

Creative Commons is not a party to this License, and makes no warranty whatsoever in connection with the Work. Creative Commons will not be liable to You or any party on any legal theory for any damages whatsoever, including without limitation any general, special, incidental or consequential damages arising in connection to this license. Notwithstanding the foregoing two (2) sentences, if Creative Commons has expressly identified itself as the Licensor hereunder, it shall have all rights and obligations of Licensor.

Except for the limited purpose of indicating to the public that the Work is licensed under the CCPL, Creative Commons does not authorize the use by either party of the trademark "Creative Commons" or any related trademark or logo of Creative Commons without the prior written consent of Creative Commons. Any permitted use will be in compliance with Creative Commons' then-current trademark usage guidelines, as may be published on its website or otherwise made available upon request from time to time.
