Transfer Students
FALL 2016

Welcome to the University of Massachusetts Amherst!

On behalf of the entire campus community, congratulations!

As a member of this university, you join an intellectually rich and diverse community. Over the next few years you will continue to challenge yourself intellectually and personally. By the time you graduate, you will be well prepared for the next phase of your life.

Please read the following information carefully.

INTENTION TO ENROLL
To accept our offer of admission, please:

1. Verify your personal information (e.g., date of birth, major, tuition residency) on the Spire admit center page, using your NetID and password.

2. Pay the non-refundable $500 enrollment fee:

   Electronic check or credit/debit card. You may pay the enrollment fee by e-check or with a MasterCard, Discover, or American Express card on the university’s QuickPAY system. There is a link to the QuickPAY site on the “Admitted Students” section of our website (www.umass.edu/admissions).

   You will need to enter your eight-digit SPIRE ID. Please indicate your housing plans on the QuickPAY site.

   [NOTE: While there is no fee for e-check payments, there is a fee for credit card payments.]

   To ensure your space in the Fall 2016 class, the enrollment fee must be paid by June 1. You will be able to confirm receipt of your enrollment fee on your SPIRE Admitted Students page using your NetID and password which were emailed to you from Information Technology (IT) shortly after you applied.

   [NOTE: If you are admitted in mid-May or later, you are required to pay the enrollment fee within two weeks of receipt of your letter of admission. If you need to know your financial aid award and have not received this information by June 1, please contact an admissions counselor at 413-545-0222 to discuss your situation.]
Admission to Selective Majors

Access to the following majors is based upon university policy, the number of spaces available, prerequisite coursework, and/or academic performance. More detailed information will be available during Transfer Registration program.

**BACHELOR’S DEGREE WITH INDIVIDUAL CONCENTRATION (BDIC)**
Admission to the BDIC major occurs after the student’s formal concentration proposal has been accepted. Prospective BDIC majors entering as juniors must declare a major in one of the departments they intend to incorporate in their BDIC proposal.

**COMMUNICATION, JOURNALISM, PSYCHOLOGY**
Admission to these majors requires stronger academic records or prerequisite coursework, including demonstrated math ability for the psychology major.

**COMPUTER SCIENCE**
Most students become computer science majors after completing the prerequisite courses (data structures and calculus) with grades of "B" or better.

**ECONOMICS**
Students must successfully complete precalculus/calculus, microeconomics, and macroeconomics.

**EDUCATION**
The requirements for Massachusetts teacher licensure include completion of an academic major appropriate to the student’s desired license and an approved teacher certification course sequence. Admission to licensure coursework occurs after enrollment and is selective, based on academic performance and related experience.

**ENGINEERING**
Students may become engineering majors after successfully completing the prerequisite courses: two introductory engineering courses; a year of calculus; and physics and/or chemistry.

**ISENBERG SCHOOL OF MANAGEMENT**
Admission is very selective and is based on overall grade point average and on performance in the predictor courses: microeconomics; macroeconomics; financial accounting; managerial accounting; calculus; and statistics.

**KINESIOLOGY**
Students must have above-average grades both overall and in science coursework to be admissible.

**NURSING**
Transfer students are not eligible for admission to nursing and will not be able to change their major to nursing after enrollment.

**SPORT MANAGEMENT**
Admission is selective and is based on the overall academic record.
