TRANSFER APPLICATION MAJOR FORM

When you applied for admission to the University of Massachusetts Amherst, you applied as an undeclared major. However, university policy states that transfer students must declare a major. This allows them to get advising in that major and have priority registration for courses in the major.

Please complete and return this form to the Undergraduate Admissions Office, indicating your first and second choice majors. Unless you declare a major and meet the requirements for admission to that major, your application will be considered incomplete.
