eQuotes allows you to access, view and order the products you need online faster than ever before.

Other benefits of eQuotes:
- View your actively quoted items faster on Grainger.com
- Easily add quoted products to an order on Grainger.com or your procurement system
- Sort and view by items across multiple quotes, view all quoted items and view your active quote history online
- Print your quote to comply with internal processes
- Leverage the Grainger.com Order Management System to electronically route orders with quoted items for internal approval

Sign in to Grainger.com and turn your quote into an order now!

1. What are eQuotes?
eQuotes allow customers to receive price quotations directly on their Grainger.com account or within their procurement system. Customers can quickly receive their quotes for Grainger products and conveniently order from them.

2. How soon will my quote appear on Grainger.com or ePro punchout after my request?
Within 24 hours after your quote request is processed, you will receive an email notifying you that your quote is available online. The email will contain a link to Grainger.com where you can sign-in to view and turn your quote into an order. For ePro customers, you can access the quote directly from your Grainger Punchout Account.

3. Do I have to be registered on Grainger.com to access my quote online?
Yes, if you are already registered on Grainger.com and logged in, you can easily access eQuotes from your account ribbon. If you are not already a registered user, you can visit Grainger.com and register to take advantage of all great features such as eQuotes.

4. Do I need to be a Grainger.com registered account member to request a quote?
No. You can request a quote by calling any Grainger branch at 1-800-GRAINGER or by contacting your Account Manager.

5. How do I share my quote with others within my organization?
All Grainger.com registered users on your customer account will be able to view and purchase from active quotes. For ePro customers, all users accessing the Grainger Punchout will be able to view and purchase from active quotes.

If you would like to share the quote with a non-registered user, you can print the quote directly from Grainger.com.

6. Can I request, modify or change my quote request online?
Not at this time. To modify or update your quote request, please contact your local branch by dialing 1-800-GRAINGER or contacting your Account Manager.

7. How will I know when my quote or specific quoted products will expire?
All eQuotes available online include an expiration date. If you are viewing a listing of quotes, the expiration field will reference when the entire quote expires. If you are viewing the detailed individual quote, the expiration date refers to that quoted product only.

8. Will I be able to reorder from my quote?
Yes. Customers can re-order quoted items as often as they like until the quoted product expires. Also, these products can be added to your personal shopping lists or set-up for Auto-Reorder.

9. Can I purchase quoted items at the same time as other items I added to my shopping cart?
Yes. After adding the products from an eQuote to the shopping cart, customers can add additional products and complete their purchase.
