Men's Ice Hockey Champion

Natty Ice

Eight teams qualified for the 2008 ice hockey tournament. **Natty Ice** (5-0-1) finished undefeated in league play and entered the tournament as the number one seed from the Patrick Division. **Natty Ice** shut out **District 5** (8-0) and defeated a strong **Top Dogs** squad 3-1 in their semifinal. The number one seed from the Smythe Division, **30 Racks**, easily handled **UMass Slackshots** (5-1). Their semifinal opponent, **Brew Crew**, was the number two seed from the Patrick Division. **Brew Crew** prevailed in the 5-1 upset to line up the intra-division championship series. **Natty Ice** came out firing and peppered Michael Nashawaty in goal. Cory Arsenault put **Natty** on the board at the 13:27 mark. Sean Murphy netted the first goal for **Brew Crew** and tied the game at the 6:21 mark. The rest of the 1st period and almost ten minutes of the second period were scoreless, due to the excellent play of Tyler Krzanowski and

Nashawaty in goal. At the 5:52 mark, Michael Daniels scored the last goal of the period for **Natty Ice**. With Nashawaty impenetrable in goal, Daniels scored the game winner at the 9:45 mark. Douglas Kendrick stretched the lead to 4-1 with his lone goal at the 7:05 mark. Sean Murphy's second goal cut the lead to 4-2 at the 1:49 mark, but Jake LaFauce pushed it right back to 5-2 with the last goal of the game at the :27 of the 3rd period. The expectations were high after **Natty Ice** took a commanding 1-0 lead in the best 2 of 3 championship. But **Brew Crew** was not about to coronate **Natty Ice** just yet. As game two got underway, it was **Brew Crew** supplying the early pressure through nine minutes of play. At 6:01 in the 1st period, Mike Shilalie scored on an assist from Liam Connolly to give **Brew Crew** the 1-0 lead. The score served as a wake up call to **Natty Ice**. It was clear they were going to have to work for their shirts. The score remained 1-0 at the end of one, but **Natty** had regained its swagger and started to dominate the offensive end. At 14:00 minutes into the 2nd period, **Brew Crew** committed a costly roughing penalty that led to Arsenault scoring on a power play goal from Dan McCarron. **Brew Crew**, now back at full strength, continued to garner offensive opportunities, but couldn't find the net. With 5:45 left in the 2nd, they got a break. **Natty** was penalized for an elbow that resulted in a two-minute man advantage. Undaunted, **Natty** dug in their heels to kill the penalty, only allowing three shots

on goal. The 3rd period began with **Natty** down a man due to tripping, but **Brew Crew** received a game misconduct at 12:05 that would lead to Arsenault getting his second goal on an assist from Mike Cahoon. This proved to be the game winner as **Brew Crew** couldn't muster enough of an offensive threat. Patrick Fitzmaurice added an unassisted goal for **Natty Ice** to make it 3-1, but this one was all but over. **Natty Ice** took the crown after two physical and competitive games.

Co-Rec Volleyball Champion

Vipers

The co-rec championship with **Vipers** versus **The Friendlies** was a highly-anticipated match between two solid teams. **Vipers**, last year's champ, surely had playoff experience. In game one, **The Friendlies** jumped to an early 4-0 lead behind the serving of Adam Choi. Their momentum was halted, however, when **Vipers'** Jerry Yuan, Molly Cronin

and Jake Pearlstein displayed solid defense and great all-around teamwork. Gordon Stewart tallied six points to give **Vipers** a 6-5 lead. **The Friendlies** took a timeout to try to re-group. After the timeout, **Vipers** continued their hot play and took game one 15-7. The second game started rough for **The Friendlies**, but they weren't going to give up. **Viper's** server Daniel McComb gave **Viper's** a daunting 9-1 lead. Behind the teamwork of Yao Wang and Sun Zhiyi, **The Friendlies** managed a critical block to gain possession of the serve. **The Friendlies** tallied five points behind stellar play from Wang Shaowei to bring the score to 12-11 with **The Friendlies** down a point. **Vipers** took their own timeout to settle themselves. Both teams displayed great teamwork and effort, but it was Manneh Ghazarians's last serve that gave **Viper's** game two 15-12 and the championship. *Elizabeth Rosseel*

Men's Volleyball Champion

The Redeem Team

The men's final featured two highly competitive teams - the undergraduate **Redeem Team** the versus the grads **Divide and Conquer**. Both teams began with strong serving that would surely leave bruises on mere mortals. **Divide and Conquer** lead with the first five points, but Greg Lee brought his

team back with his serves to make game one 12-5. After a few side-outs, **Redeem Team's** Saeng Syvilay and Onye Duru won back the serve with an amazing block. Teammate Gordon Hoang ended the first game on a jump serve, 15-8. **Divide and Conquer** seemed to lose a little intensity in the second game after that disappointing loss, as **Redeem Team** jumped to an early lead. With the score at 11-5, **Divide and Conquer** began to win some rallies and points. Using a side-out to their advantage, Kedar Bellare brought his team back to 11-8, and Stefan Christov's solid play helped to make game two a nailbiter at 14-11. Unfortunately, **Divide and Conquer** just couldn't finish. Hoang pounded out another clinching jump serve and **Redeem Team** bested **Divide and Conquer** 15-11 in game two for the championship.

Women's Volleyball Champion

The Flaming Phoenix

The women's division wasn't large, featuring only four teams, but what the league lacked in numbers was made up with competitive play. **Flaming Phoenix** earned a first-round bye & an automatic route to the final with a strong 4-1 regular season. **Sets on the Beach** was 2-3 during the regular season, losing a few close games in the third set and playing just about as good as any other team in the league. **Sets on the Beach**

advanced to the final with an impressive win over **Team Hawt Stuff! Flaming Phoenix**, led by captains Yao Wang and Bo Xu, got off to a nice start in the first game and led 3-0 with some impressive net play. **Sets on the Beach** struggled in the first game and tried to stay competitive with only four players. **Flaming Phoenix** put the first game away in decisive fashion, 15-5. In the second game, **Sets on the Beach** found an early rhythm & grabbed the first three points. Caitlyn Glowacki and Neda Talebzadeh did a good job controlling the front and keeping **Flaming Phoenix** off balance with competitive serving. **Flaming Phoenix** struck back with six points and a 6-3 lead. Play remained competitive from both teams. **Sets on the Beach** mounted a 10-7 lead, but **Flaming Phoenix** rattled off six straight points again to take a 13-10 lead. Later, with the score 14-12 and **Flaming Phoenix** serving, a lengthy volley ended & **Sets on the Beach's** hopes were dashed when the ball hit the floor for the match point and the championship. **Flaming Phoenix** took the championship in two sets, 15-5 and 15-12.

2-Ball Soccer Champion

Too Easy

The fall intramural season wrapped up with the annual 2-ball soccer tournament. This

year's field saw a record 24 teams compete in the tourney. In the end, one team made it look a little *too easy*. The aptly named team, **Too Easy**, breezed through pool play and never looked back to capture the title 12-11 over **Mixing**. Not to be minimized, several players from **Too Easy** had big game experience from last year as **Team Ramrod**, last year's 2-ball champion. **Mixing** & **Too Easy** advanced to the championship with convincing wins in their semifinal game played on the same night as the final. From the same pool, when the teams met in pool play, **Too Easy** nipped **Mixing** with the identical 12-11 score. Needless to say, **Mixing** looked for redemption, and they came out red hot to take an early lead with a hat trick from captain Jaime Mira. After exchanging goals, the score at the half was 6-3, pending penalty kicks. **Mixing** missed their only attempt, but **Too Easy** took advantage of the three kicks awarded to knot the score at 6. In the 2nd half, the teams once again exchanged goals with four ties or lead changes in the first six minutes. Consecutive goals from **Too Easy's** Amanda Dietz made it 10-8. At the end of regulation **Too Easy** led 11-9. As the officials convened to determine the total penalty kicks to be taken, the gym was filled with a unique mixture of intensity and anticipation. **Mixing** would be awarded five penalty kicks, and **Too Easy** would have three. After missing the first shot, **Mixing** found the back of the net to close the gap to 11-10. Following another miss, they scored the equalizer past **Too Easy** keeper JD Georger but missed the fifth and final attempt. The pressure now fell upon **Too Easy**; they needed to score on one of three attempts to capture the title. After a diving stop by **Mixing** keeper Alec

Zebrowski on the first shot, Paul Alvarenga stepped up with the game on the line. He promptly blasted a shot into the upper left corner of the net to seal the 12-11 victory for **Too Easy**. **Mixing** came up one goal short as history repeated with another 12-11 win for **Too Easy**.

Men's Holiday Basketball Champion

Future Legends of Boyden

This year's holiday basketball tournament was an exciting one that pit **Future Legends of Boyden** against **Sparkers**. In the first two minutes, **Future Legends** jumped out to an early 8-2 lead on the backs of Danny Smith and Octavious Hawkins. After **Sparkers** hit a couple free throws, **Future Legends'** Smith scored the next seven points, including a three-pointer and two free throws, to extend their lead to 15-8 with 9:00 minutes left in the half. An exchange of baskets by both teams kept **Future Legends** ahead for the next several minutes. It was then that a flurry of baskets by **Sparkers'** Daniel Francois, including a three-pointer with 2:30 remaining in the half, tied the game at 22. A free throw by Francois and a basket for each team left the halftime score at 25-24 **Sparkers**. To start the 2nd half, both teams traded baskets and **Sparkers** slowly extended their lead to 33-29. For the next five minutes, **Future Legends**

Smith and **Sparkers'** Jeffrey Berleus traded baskets, but a technical foul on **Future Legends** and a three-pointer by Berleus gave **Sparkers** a 44-34 lead. **Future Legends** then went on a 18-0 run, driven by Adrian Dennis and Hawkins, that gave the **Future Legends** a 52-44 cushion with just 1:30 left in the game. **Future Legends** were able to hit clutch free throws and play tough defense in the last 90 seconds to solidify the 57-45 win.

Women's Holiday Basketball Champion

Go Getters

The women's holiday basketball tournament featured four teams in pool play with a seeded playoff. **Go Getters** emerged from pool play as the number one seed in the playoffs. **Go Getters** squeaked by a formidable **Ragers** team 38-32, led by the precision shooting of Melissa Gosian & Elizabeth Dow. The talented **Twisted T's** faced an equally fierce opponent in the **Hecklers**, but carried by the leadership of Kaleigh Maines, **Twisted T's** came away with a "W" in a back-n-forth 27-25 nail biter. As pool play continued, **Ragers** walked away with a 38-30 win over **Twisted T's**, fueled by the fluid passing of Melissa Ten Napel and solid bench play from Rebecca Clifford and Katherine Lynch.

Coming off a tough loss the previous night, **Twisted T's** went back to work against undefeated **Go Getters**. The lack of rest proved to be the downfall of a tired **Twisted T's** offense. **Go Getters** romped 53-32 to go 2-0. In the remaining two games of pool play, **Ragers** escaped with a 47-45 win over the **Hecklers**. **Go Getters** faced the **Hecklers**, who came in with a 0-2 record. From the start of the game, both teams were clicking on all cylinders and received contributions from their benches as well as their starters. There would be no stopping Caitlyn Young, as she was not going to allow her team to lose this game. **The Hecklers** held their breaths and the ball in the final seconds of the game to shock the previously undefeated **Go Getters** 41-40. With such close pool play games, the playoffs would be the only satisfactory way to decide a winner. In the 1st game of the playoff and what was anticipated to be another close game, **Go Getters** met the **Hecklers**. **Go Getters** put the hurt on and easily soared past the **Hecklers** 45-14. In the other semifinal, **Ragers**, despite being a player short, gave it their all against **Twisted T's**, but came up on the short end in a 46-45 thriller. With the championship set between **Go Getters** and **Twisted T's**, an exciting finish looked to be on the horizon. Unfortunately, and much to the disappointment of all, **Twisted T's** forfeited the final. **Go Getters** settled for the win-by-forfeit to go 4-1 in the tourney.
