

CENTER FOR EARLY EDUCATION AND CARE
University of Massachusetts Amherst

SUNSCREEN / INSECT REPELLENT
PERMISSION FORM

The Center for Early Education and Care provides families with a combined sunscreen and insect repellent product for use on children attending the program. Using one product for all the children decreases the amount of waiting the children experience as they prepare to go outside and simplifies teachers' daily efforts to protect the children's skin from sun exposure and insects.

CEEC Avon's Skin-So-Soft Bug Guard Plus IR3535 SPF-30 lotion. This product contains SPF 30 sunblock and provides effective repellency against mosquitoes, deer ticks, black flies, sand flies, gnats, no see-ums, and biting midges. This product use the FDA approved insect repellent ingredient, IR3535, which allows us to re-apply the lotion during the day as needed for both morning and afternoon outdoor play. (An information page with the full ingredient listing of the Avon product and a collection of insect repellent and sunscreen information is available upon request from the CEEC office.)

Parents are welcome to provide a different brand sunscreen/insect repellent to be applied to their child. If this is your choice please provide a supply of this product to your child's classroom when you return this permission form to the office. Your classroom teachers will notify you when more of this product is needed.

Parents sign below in the appropriate place to give permission for CEEC staff to apply the CEEC product or your own product to your child as needed during the day.

Child's Name: _____ (please print)

CEEC Provided Insect Repellent/Sunscreen

I hereby authorize the staff of Center for Early Education and Care to apply Avon's Skin-So-Soft Bug Guard *Plus* SPF 30 to my child as needed.

HAND CREAM & CHAPSTICK
PERMISSION FORM

HAND CREAM

The Center for Early Education and Care provides children and staff with hand cream to use throughout the day as needed to prevent chapped hands due to hand washing. Children are offered hand cream after hand washing and may request to use hand cream at any time during the day. Hand cream is stored out of the reach of children and a teacher supervises its application.

CEEC provides *Vaseline Intensive Care's Moisture Locking Lotion Intensive Rescue Hypoallergenic Moisturizer* for use as hand cream. Parents are encouraged *not* to supply the classroom with a different brand of hand cream unless their child requires a special type due to a skin condition. Parents sign below to give permission for CEEC staff to apply the CEEC product or your own product to your child as needed during the day.

Child's Name: _____ (please print)
