Limited Submission Announcement

The Greenwall Foundation Faculty Scholars Program in Bioethics

Overview:

The [Greenwall Faculty Scholars Program in Bioethics](#) is a career development award to enable **junior faculty members** to carry out innovative bioethics research. It supports research that goes beyond current work in bioethics to help resolve pressing ethical issues in clinical, biomedical, and public health decision-making, policy, and practice, and creates a community that enhances future bioethics research by Scholars and Alumni/ae.

UMass Amherst may submit **two applications** for this opportunity.

Eligibility:

- Applicants must be junior faculty members.
- Applicants must hold a faculty appointment that allows at least 50% of their effort to perform research (often this is a faculty position with at least a 60% appointment in a tenure-track position or its equivalent).
- Priority will be given to applicants who have not yet been considered for tenure or an equivalent promotion; whose research will have an impact on clinical, biomedical, and public health decision-making, policy, and practice; and who will make important contributions to the field of bioethics over their careers.

Award Background:

- **Award Amount:** 50% salary support for 3 years
- **Number of Awards:** Approximately 3
- **Number of UMass Amherst Nominees:** up to 2
- [Directory of Past Awardees](#) - we strongly recommend reviewing past awards to determine competitiveness

Deadlines

Internal: August 26, 2019
External: September 23, 2019

Internal Application Process

The internal selection process will be informed by the [grant program's guidelines and submission requirements](#) and led by a committee composed of the deans of applicants' respective schools and colleges or their designees and, if appropriate, the Provost, Vice Chancellor for Research Engagement, and/or faculty with relevant expertise.

If interested, please send the following as a **single PDF** to cfr@umass.edu by **Monday, August 26**.

- A three-page, single-spaced letter of intent, with one-inch margins and font size no smaller than 12 point, that includes:
 - A description of the research proposal, particularly its significance
 - How the research will be carried out and how it is likely to have an impact on clinical, biomedical, and public health decision-making, policy, and practice
 - A personal statement describing the applicant's goals in the field of bioethics
- Curriculum Vitae of no more than 5 single-spaced pages
- A list of current and pending support
