Definitions and Notes

FTE Instructed Students: Student Credit Hours (SCH) generated in courses offered by each program are divided by a "full-time" load to calculate full-time equivalency.

For undergraduate courses, a full-time load is 15 SCH. For graduate courses, a full-time load is 9 SCH. For courses numbered 500-599, full-time equivalency depends on the level of the student: if undergraduate, divide by 15; if graduate, divide by 9.

Instruction to Majors: Instruction consumed by students with any declared major (including multiple majors) in the department. Pre-majors are counted as majors.

Instruction to Non-Majors: Instruction consumed by students with no declared major or with a declared major in another department.

Lower Division FTEIS: FTE Instructed students generated in 100-level and 200-level courses.

Upper Division FTEIS: FTE Instructed students generated in 300-level and 400-level courses and 500-level if undergraduate students are enrolled.

All data reflect the organizational structure as of Fall 2007.

Note 1: The Pre-major in Communications was eliminated for entering students in Fall 2000. The Pre-major in Journalism was eliminated for entering students in Fall 2005.
