

Appendix 1A Supplemental Label

QUINSTAR 4L AG

EMERGENCY EXEMPTION USE DIRECTIONS

For Use On Commercial Cranberry Plantings To Control Dodder

FOR DISTRIBUTION AND USE ONLY IN THE STATE OF MASSACHUSETTS WITHIN
BARNSTABLE, BRISTOL, MIDDLESEX, NORFOLK, NANTUCKET and PLYMOUTH COUNTIES

This labeling must be in possession of the user at the time of pesticide application.

Read entire Directions for Use and Disclaimer of Warranties before using this product.

All applicable directions, restrictions, and precautions on the registered product label for QUINSTAR 4L (EPA Reg. No. 42750-169) are to be followed.

EFFECTIVE PERIOD:

This labeling expires on 07/31/2009

DIRECTIONS FOR USE

A maximum of 8,000 acres of cranberries may be treated under this exemption.

RECOMMENDED APPLICATIONS

CROP	WEED	RATE OF QUINSTAR 4L (fluid ounces per acre)
Cranberry	Dodder <i>(Cuscuta gronovii)</i>	8 fl. Oz.

USE DIRECTIONS

Apply QUINSTAR 4L AG as a postemergent broadcast spray either through the irrigation system (chemigation) or through ground boom-sprayer (use 10-40 gallons water per acre). Use a non-ionic surfactant at the rate of 0.25% v:v or a crop oil concentrate at the rate of 2 pints per acre.

Make initial application after the winter flood has been withdrawn and after dodder emergence.

Boom sprayer applications should be followed by 0.1-0.2 inches of irrigation.

Areas can be spot-treated with a postemergence application. Use with a calibrated applicator to prevent misapplication.

USE RESTRICTIONS

- Do not make more than 2 applications per year.
- Do not exceed 16 fluid ounces per acre per year.
- Do not make a second application within 30 days of first application.
- Application should be made by licensed applicators or persons directly under their supervision.
- Do not apply by aircraft.
- A 60-day pre-harvest interval must be observed.

Any adverse effects resulting from the use of QUINSTAR 4L under this emergency exemption must be immediately reported to the Massachusetts State Department of Agricultural Resources.
