Revised March 2011

NOTICE: The Cranberry Station and its staff do not assume any responsibility for personal injury or property damage.
All pesticides mentioned in this publication are registered and cleared for the suggested uses according to general
registrations and state laws in effect on the date of this publication.  The label is the law.  Pesticides other than those
listed have been registered for use on cranberry but are, for one reason or another, not currently recommended.  When
trade names are used for identification, no product endorsement is implied, nor is discrimination intended against similar
materials.

A product of the Cranberry Station, College of Natural Sciences, University of Massachusetts Amherst, and UMass
Extension. This material is based upon work supported by the National Institute of Food and Agriculture, U.S.
Department of Agriculture, and Massachusetts Agricultural Experiment Station. The University of Massachusetts is an
Affirmative Action/Equal Opportunity Institution.
