**BEFORE BUDBREAK**

Preemergence herbicides should be applied prior to vines breaking dormancy. Timing may vary depending on weather and location.

- Aster, corn grass, cottongrass, crabgrass, cutgrass, dulichium, ferns (bracken and royal), fireweed, haircap moss, loosestrife, mannagrass, marsh St.John's wort, mare's tail, narrow-leaved goldenrod, needlegrass, nutedge, pitchfork, ragweed, rattlesnakegrass, rushes, smartweed, sorrel, summergrass, velvetgrass, wild strawberry, woolgrass
- Wild bean (if active, spot-treat with Stinger – see below for probable timing)
- Clover
- Dodder
- Sphagnum moss (improve drainage)
- Barnyardgrass, broadleaf panicgrass, broomedge, Canada rush, corn grass, cutgrass, dulichium, needlegrass, nutedge, smokegrass, spike rush, summergrass, switchgrass, woolgrass
- Dewberries (brambles)
- Barnyardgrass, corngrass, cutgrass, nutgrass, povertygrass, soft rush, summergrass, warty panicgrass
- Bog renovation - all weeds

**BUDBREAK THROUGH FRUIT DEVELOPMENT**

- Cinnamon fern, feather fern, sensitive fern
- Asters, cinquefoil, feather fern, marsh St. John’s wort, sensitive fern
- Actively growing, true grasses (annual and perennial) on producing bags
- Ditch weeds (sprays)
- Water weeds (but not in ditches)
- Wild bean
- Grasses on non-producing bags; Poast and Select may be used on producing bags
- Tall weeds on bags
- Many broadleaved weeds and dodder

**IN THE FALL AFTER HARVEST**

- Aster, blue joint, cottongrass, cutgrass, fresh meadowgrass, loosestrife, marsh St. John’s wort, mud rush, narrow-leaved goldenrod, needlegrass, nutgrass, ragweed, sphagnum moss, summergrass, woolgrass
- Barnyardgrass, Canada rush, corngrass, dulichium, needlegrass, nutgrass, summergrass, switchgrass
- Barnyardgrass, corn grass, cutgrass, nutgrass, povertygrass, spike rush
- Bog renovation - all weeds
- Spot-treatment with sprays - (if using RoundUp Ultra, get supplemental label)

- Casoron
- Stinger vs. composite weeds
- Evital
- Devrinol
- Vapam or Basamid
- RoundUp, Weedar 64
- Callisto (do not apply before budbreak)
