1. Introduction

The University of Massachusetts Amherst is a scholarly community united by its engagement in the exchange of ideas and the advancement of knowledge. These processes involve reflecting on decisions and improving decision-making skills. By establishing expectations for the community, the Code of Student Conduct (Code) serves as an integral part of the University’s educational mission.

The Code describes principles for living and acting responsibly in a community setting, with respect for the rights of all members of that community, and for their property, common resources, and values.

The purpose of the Code is to reinforce and encourage the development of good decision-making as well as personal and group integrity and to teach these skills where lacking.

The Code provides opportunities for educational and restorative responses. These outcomes are designed to meet the needs of those impacted and to facilitate active accountability in order to maintain a campus environment of dignity and respect wherein students understand the impact their actions have on the campus community.

It is the University’s goal that, as students engage in the conduct process, they will leave that process as better-educated students, better members of the University community, and better global citizens.

2. General Information

2.1 Jurisdiction and Authority

a) The Vice Chancellor of Student Affairs and Campus Life or designee oversees the student conduct process, is authorized to enforce the Code, and may appoint hearing and appeals officers. The Vice Chancellor of Student Affairs and Campus Life or designee is responsible for periodic review and update of the Code.

b) The regulations contained in the Code apply to student conduct that occurs at UMass Amherst and its properties, at the other four colleges within the Five College Consortium (Smith College, Amherst College, Hampshire College, and Mount Holyoke College), or at any event sponsored by any of these institutions.

c) The University reserves the right to take action based on any student conduct, regardless of location.

d) The Code applies to behavior that occurs online, via email, or through other electronic media. Students should be aware that online postings, such as blogs, web postings, chats, and information on social networking sites are in the public sphere and can subject a student to allegations of conduct violations. The University may take action if, and when such information is brought to the attention of University officials.

e) For the purposes of student conduct, the University considers an individual to be a student when they are accepted for, or enrolled in an academic course or program, regardless of credits carried. Each student shall be responsible for personal conduct from the time of admission through the actual awarding of a degree, even though that conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment.

f) The Code applies to any Student Group as defined in Section 2.12, part q.

g) Student Groups, as well as their members and other students, may be held collectively and/or individually responsible for violations. The officers or leaders of a Student Group may be held collectively and/or individually responsible when such violations are committed by persons associated with the Student Group who have received consent or encouragement from the Student Group’s officers or leaders or if those officers or leaders
knew or should have known that such violations were being or would be committed. The officers or leaders of a Student Group may be directed to take action designed to prevent or end such violations by the Student Group or by any persons associated with the Student Group. Failure to comply with a directive may be considered a violation of the Code, by both the officers and/or leaders of the Student Group and/or by the Student Group itself.

h) If a student withdraws from the University, the University reserves the right to initiate and/or resolve any pending conduct matters.

i) Administrative holds affecting registration transactions and the posting of a degree may be placed when students fail to fulfill terms of their student conduct obligations. Such situations may include failure to respond to a written notice, failure to schedule and/or attend scheduled meetings, and/or failure to complete imposed conduct sanctions.

j) In the event of serious misconduct committed while still enrolled, but reported after a student has graduated, the University reserves the right to initiate a conduct process. If the former student is found responsible, the University may revoke the student’s degree.

2.2. Scope

2.2.1. Administrative Units

Policy violations or non-compliance with rules in Residential Life, Campus Recreation, Academic Honesty Policy, University Store, Transportation Services, Office of Information Technology, and other administrative units may be addressed primarily by those respective offices using process and procedure set out by those administrative units.

2.2.1. Student Conduct & Community Standards

Cases of behavior or allegations of behavior that could result in expulsion, suspension, suspension deferred, housing removal, and/or housing removal deferred will be handled primarily by Student Conduct & Community Standards. These behaviors or allegations include, but are not limited to sexual assault, harassment, stalking, domestic violence, bias related incidents, campus disturbances, threatening behavior, fire safety violations, use and/or possession of weapons and fireworks, records falsification, physical assault, operating under the influence, drug and alcohol possession or distribution, town or state violations and matters resulting in a student’s arrest or citations by local municipalities or campus police. Additionally, matters that impact the health and safety of the community or its members and matters requiring interim measures, health and safety considerations, repeat or egregious violations of policy, or non-compliance with rules in administrative units will be handled primarily by Student Conduct & Community Standards.

2.3. Notice to Parents/Guardians or Third Parties

a) Students are adults, capable of making their own decisions, as well as accepting the consequences for those decisions. Except in limited circumstances, it is the student who notifies their parents/guardians or self-selected third parties about being involved in a conduct process.

b) Conversations are between the University and its students. If a student decides to include a concerned third party in the conduct process, the staff will be responsive to the inquiry, while complying with the Family Educational Rights and Privacy Act. Except as noted here, the student must submit a confidentiality waiver in order for the University to engage with the third party. Students must ultimately and forthrightly participate in the process, and the third party cannot serve as a proxy for the student in the process.
c) Consistent with the Family Educational Rights and Privacy Act, the University reserves the right to notify families without a student’s prior consent in health or safety emergencies. Additionally, the Dean of Students or designee may involve families of students who are in jeopardy of being separated from the University when, in their judgement, this involvement will aid the student in the pursuit of their educational goals.

d) If a student is found responsible for an alcohol or drug violation, parents/legal guardians of dependent students under 21 will be notified. The University may waive parental notification in exceptional circumstances if a student makes a bona fide showing that such notification will create significant hardship, such as potential violence or financial abandonment that may result in withdrawal from the University. All requests for parental notification waivers must be submitted in writing to the Case Administrator.

e) In cases involving reported acts of violence against person(s), the reporting party(ies) will be notified of the initiation of a conduct process, any restrictions imposed, interim supportive measures, outcomes, and the opportunity of appeal, subject to applicable Code and federal and state law(s).

f) The Dean of Students or designee reserves the right to issue appropriate notification to Reporting Parties and/or persons impacted by the incident(s) when there is theft or damage to property, when a no contact directive has been issued, and/or when restitution has been imposed.

2.4. Standards

a) The functions of a university depend on honesty, integrity, and civility among its members. Accordingly, the University of Massachusetts Amherst expects a higher standard of conduct than the minimum required to avoid disciplinary action.

b) While many of the University’s standards of conduct parallel the laws of society in general, University standards may be set higher and more stringently than those found elsewhere in society. For these reasons, the University focuses primarily on educating students about their behavior, but may impose sanctions up to, and including suspension and expulsion in order to preserve a safe and healthy environment for the University community.

c) The University does not ascribe to the rules of evidence or standard of proof found in criminal or civil proceedings.

d) The standards of proof for deciding a matter shall be by a preponderance of the evidence.

e) Any form of recording and/or streaming of conduct proceedings is strictly prohibited, except as described in the Code.

2.5. Relationship to Other Proceedings

a) The Code process may occur prior to, simultaneously with, or following criminal/civil proceedings. Students may be accountable to both civil authorities and to the University for behavior that constitute violations of law and the Code. The conduct process at the University will normally proceed without regard to the pendency of litigation in court or criminal arrest and prosecution. Determinations and sanctions imposed under the Code will not be subject to change because criminal charges arising out of the same facts were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

b) Students may request to delay an administrative meeting or a hearing to secure an advisor. In cases where criminal charges related to the alleged Code violation(s) are pending, a reasonable delay may be granted. Delays may be granted to any party at the discretion of the Case Administrator.
2.6. Additions and Amendments

a) These University expectations are set forth in writing in order to give students general notice and examples of prohibited conduct. The descriptions should be read broadly and are not designed to define expectations or misconduct in exhaustive terms.

The Dean of Students or designee will develop procedures for the administration or conduct proceedings that are consistent with provisions of the Code. Material deviation from these procedures will generally only be made as necessary and will include reasonable advance notice to the parties involved, either by online posting and/or written communication.

b) The University reserves the right to amend any provision herein at any time. The University will publish such amendments in relevant campus publications/websites.

c) The Dean of Students or designee may vary procedures with notice upon determining that law or regulation require policy or procedural alterations not reflected in the Code.

d) The Dean of Students or designee may make minor modifications to procedure that do not materially affect the integrity of the process.

e) Any question of interpretation of the Code will be referred to the Vice Chancellor for Student Affairs & Campus Life or their designee, whose interpretation is final.

2.7. Student Status During Conduct Process

The status of a student in most instances will not be altered, and interim supportive measures will not be imposed until completion of an initial review. Disciplinary sanctions become effective at the completion of the conduct process, including after an appeal, if one is made.

2.8. Student Capacity

Any behavior that may have been influenced by a student’s mental state or voluntary use of drugs or alcoholic beverages will not in any way limit the responsibility of the student for the consequences of the student’s actions.

2.9. Limitation

The University will neither assume responsibility for, nor act in the collection of, privately incurred debts involving students.

2.10. Additional Processes

a) Student Conduct & Community Standards may establish additional informal and/or educational programs to complement the formal conduct process (including restorative justice, mediation, or conflict resolution). The purpose of such programs is to maximize opportunities for student learning and development in behavioral management, conflict resolution, self-awareness, ethics, and integrity.

b) The University reserves the right to have legal counsel present during any conduct proceeding. When counsel will be present, the University will notify all parties involved in advance.
2.11. Distribution of the Code

Students are provided a copy of the Code annually in the form of a link on the University website. Printed copies are available upon request from the Student Conduct & Community Standards office(s). Students are responsible for reviewing and abiding by the provisions of the Code.

2.12. Definitions

f) **Controlled Substances/Drugs**: The manufacture, distribution, dispensing, possession, use, or sale of or the attempted manufacture, distribution, dispensing, or sale of controlled substances identified in Federal or State law or regulation. This includes misuse, sale, or distribution of prescription or over the counter medication.

i. Although Massachusetts law permits the use of medical/recreational marijuana, federal laws prohibit the use, possession, and/or cultivation of marijuana at educational institutions. Federal laws also require any institution...
of higher education that receives federal funding to have policies prohibiting the possession and use of
marijuana on campus. The use, possession, or cultivation of marijuana for medical and/or recreational purposes
is therefore not allowed on University property.

g) **Inhalants**: Intentionally or recklessly inhaling or ingesting substances (e.g. vaping, hookah use, glue, paint) that will alter a person’s state of mind.

h) **Possession of Drug Paraphernalia**: Objects used, primarily intended for use, or designed for use in ingesting, inhaling, or otherwise introducing controlled substances/drugs into the human body including, but not limited to, pipes, water pipes, bongs, roach clips, and vials.

i) **Hypodermic Instrument(s)**: The unauthorized possession of a hypodermic syringe, hypodermic needle, or any instrument adapted for the administration of controlled substances/drugs by injection. Students authorized to have hypodermic instruments on University property must make arrangements with medical service providers to properly dispose of such instruments.

j) **Self-Safety**: Being unable to exercise care for one’s own safety because one is under the influence of alcohol, drugs, and/or mind-altering substance(s).

### 4.1.5. Care of Property

The following are examples of behaviors that violate the Care of Property section of the Code:

a) **Theft/Damage to Property**: Theft, unauthorized possession, removal of, defacing, tampering, damage to, and/or destruction of property includes possessing property that can reasonably be determined to have been stolen from the University, another person, a business, or an organization.

b) **Unauthorized Access/Presence/Use of Property**: Unauthorized access, presence in, or use of facilities or property. This includes unauthorized use, distribution, duplication, or possession of any key or other access device issued for the University.

### 4.1.6. Other Violations

b) **Failure to Comply with Sanction(s)**: Failure to complete conduct sanctions whether by refusal, neglect, or any other reason by established deadlines.

c) **Violations of Law**: Any behavior chargeable as a violation of local, state or federal law, whether or not charges are brought by civil authorities, when such behavior(s) occurs on university premises, or at university-sponsored activities or events, or when such conduct distinctly and directly affects the university community and/or the pursuit of its objectives.

### 5. Procedures Regarding Conduct Resolution

The resolution of conflict involving students is an educational endeavor. All members of the community are expected to report all violations of the Code to Student Conduct & Community Standards and to maintain appropriate privacy for
investigations and proceedings. The privacy of all parties involved is treated with the utmost respect. Conduct records are only shared with appropriate University and non-University officials consistent with the Code and federal, state, and local laws.

5.1. Conduct Procedures

5.1.1. Referrals, Investigation, and Charges

a) Members of the University of Massachusetts Amherst community may submit a student conduct referral if it is believed a student or student group has violated the Code. Student Conduct & Community Standards may also receive referrals from external entities, including law enforcement and members of the general public.

Upon receipt of a referral, the Student Conduct & Community Standards staff may review all relevant information and consult with any appropriate parties regarding the incident(s). This may include interviewing involved parties and witnesses and a review of relevant information.

b) Individuals are strongly encouraged to make reports of Code violations as soon as possible after an incident. The longer an individual waits to report an incident, the more difficult it becomes for University officials to obtain information, witness accounts, and to make determinations regarding alleged violations. Thus, it is encouraged that a violation of the Code be filed within a year after discovery of the alleged violation and/or the identity of the student(s) involved.

i. Individuals may not submit student conduct referral(s) to Student Conduct & Community Standards anonymously. If an individual makes an anonymous report to other university departments, including the UMass Police Department, the University’s ability to respond to reports may be limited. The University will, however, take whatever steps it deems appropriate and in the best interests of the University community, consistent with the information available.

ii. Reporting Parties may also consult confidential campus resources in exploring reporting options.

c) The University reserves the right to initiate a conduct process at any time.

d) The University presumes that reports of alleged misconduct are made in good faith.

e) It is the responsibility of the Student Conduct & Community Standards staff to determine the appropriateness of the referral, as well as how the referral will be processed. A referral will only be processed if there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support elements of the violation, even if that information is merely an individual’s statement.

f) Upon review of a referral, interim supportive measures may be provided as outlined in the Code. If deemed appropriate, the University may initiate a conduct process. Reported misconduct will be reviewed in accordance with the policies in place at the time of the incident(s).

g) If a Respondent withdraws from the University after the initiation of a conduct process, the University may still proceed to resolve the conduct case. The University reserves the right to initiate a conduct process when it receives notice of egregious misconduct committed while a student was still enrolled but reported after they have withdrawn or graduated.

h) If no conduct case is initiated, but there is concern about the behavior reported, a letter may be sent indicating the behavior does not align with University’s behavioral expectations and if such behavior is repeated, they may be subject to the conduct process.
i) If no conduct case is initiated but, in the judgment of the Student Conduct & Community Standards staff that grounds exist to believe that the student or student group would benefit from education on a topic related to the reported behavior, a student or student group may be assigned to complete an educational process or program to address the concern. Failure to complete the educational process or program may result in an initiation of a conduct process.

j) Compliance with the procedures outlined in the Code is required of all parties. Should the Reporting Party, Respondent, and/or Witnesses fail to comply, the University will continue to investigate the report and determine an outcome based on the available information. Compliance as it relates to all individuals and parties involved in the conduct process means cooperation with reasonable requests made by the Student Conduct & Community Standards staff in connection with an investigation. See also Section 3 within the Code.

5.1.2. Notices

5.1.2.2. Notice of Inquiry (NOI)
Prior to the initiation of a formal conduct process, a student may receive a NOI informing them of the referral, requesting a meeting to discuss the information received and resolution pathways.

5.1.2.3. Notice of Charge (NOC)
Upon initiation of a conduct process, the Respondent(s) will receive a NOC and will have two (2) business days to call and schedule an Administrative Meeting. The NOC will contain a summary of information received and the alleged violations. The NOC will also indicate if the case could result in sanctions of housing removal deferred, housing removal, suspension deferred, suspension, or expulsion from the university if the violations are substantiated.

5.1.3. Interim Supportive Measures

a) The Chancellor, the Vice Chancellor for Student Affairs, the Dean of Students or designee may impose interim supportive measures upon a student or student group pending conduct proceedings. Interim supportive measures become effective immediately without prior notice when, in the professional judgment of a designated University official, the student or student group represents an imminent threat to others; to preserve the integrity of an investigation; to preserve University property; and/or to prevent disruption of, or interference with, the normal operations of the University.

b) Interim supportive measures are administrative directives intended to ensure the safety of the University and prevent a situation from further escalating. Interim supportive measures may be imposed and/or modified at any point after a referral is received and may include, but are not limited to, the following:
   - Re-assignment of University-approved housing;
   - Restriction/limitation of access to campus premises, University-approved housing, University-sponsored activities and events, and/or other campus facilities by time and location;
   - The requirement to secure advance authorization to engage in a specified activity; and/or
   - No Contact Directives

c) Following the imposition of interim supportive measures, the Respondent will have two (2) business days to schedule a meeting with Student Conduct & Community Standards. At the meeting, the student or student group will have an opportunity to share their account of the incident(s) under review and/or request for a modification of measures imposed. The Case Administrator will determine whether the interim supportive measures will continue or be modified. Any modification will be communicated in writing.
d) Violation of interim supportive measures will be treated as a failure to comply with university officials and may lead a new conduct case. Violations of interim supportive measures may result in a separation (suspension or expulsion) from the University.

5.1.4 Information Received

a) The Case Administrator(s), not the Reporting Party or Respondent, is responsible for gathering relevant information to the extent reasonably possible. However, each person will be asked to identify witnesses and provide relevant information, including but not limited to, documents, communications, and photographs. All parties are encouraged to provide all relevant information as promptly as possible. The Case Administrator(s) reserves the right to identify a reasonable deadline for information submission.

b) The Case Administrator(s) will review all information identified or provided by the parties and will determine the appropriateness and relevance of the information received during the investigation.

c) In general, a person’s medical and counseling records are confidential and not accessible to the Case Administrator(s) unless the person voluntarily chooses to share those records.

d) Any character references/statements received will only be considered by the Case Administrator(s) when determining sanctioning.

e) The Case Administrator(s) may consult experts who have no connection to the reported incident when expertise on a specific topic or submitted information is needed to gain a fuller understanding of the relevance or value.

f) The Respondent will have the ability to review information used to determine the outcome of their conduct case. Others, including the Reporting Party, may have access in accordance with the Code, federal or state law and/or University regulations.

5.1.5 Administrative Meeting

a) Administrative Meetings are conducted by a Case Administrator and provide the Respondent with the opportunity to discuss the alleged misconduct.

b) The Administrative Meeting is an opportunity for the Respondent to share their account of the alleged misconduct (including the opportunity to submit information to be considered and witnesses) and to receive information regarding the conduct process, options for resolution, and the range of sanctions should the charges be substantiated.

c) If the Respondent fails to appear for a scheduled Administrative Meeting, the meeting may proceed in the Respondent’s absence or may be rescheduled at the discretion of the Case Administrator. The Case Administrator reserves the right to schedule an Administrative Meeting when the Respondent fails to respond to notice(s). The Respondent will be notified of the date, time and location of the meeting.
5.1.6 Administrative Meeting Outcomes

After a review of the incident, relevant information, and alleged violation(s), the Case Administrator may delay completion of a review until further investigation is completed. The Case Administrator will communicate with Respondent at the conclusion of the investigation to review all information gathered and determine next steps.

5.1.6.1. Educational and Restorative Outcome

Educational and restorative actions are possible outcomes to an Administrative Meeting. (See 5.3 Sanctions for a detailed list of possible outcomes).

5.1.6.2. Administrative Resolution

Administrative resolutions may occur when Housing Removal Deferred, Housing Removal, University Probation, Suspension Deferred, Suspension, or Expulsion are not potential sanctions. The Respondent has no right for further hearing or appeal as a result of an Administrative Resolution.

a) **Not Responsible Finding:** After a review of the information gathered, the Respondent may be found not responsible for the violation(s). A Case Administrator may also take the following actions in conjunction with a Not Responsible Finding:

   i.  Imposition of an educational intervention including but not limited to requiring a Respondent to complete an educational program/assignment to address the Respondent’s behavior. The Respondent is responsible for any program-associated costs. Failure to comply with directives may result in the initiation of a conduct process.

   ii. Issuance of a no contact directive.

b) **Responsible Finding:** If the Case Administrator determines that the Respondent is responsible for violating one or more of the policies, the Case Administrator will issue an outcome outlining responsibility and imposed sanctions.

5.1.6.3. Summary Administrative Review

When Housing Removal Deferred, Housing Removal, University Probation, Suspension Deferred, Suspension, or Expulsion are potential sanctions the Case Administrator will issue a Summary Administrative Review outlining responsibility, imposed sanctions, and options for resolving the case.

The Respondent has three (3) business days to request either a Sanction Review or University Hearing Board as outlined below. If a request is not submitted within three (3) business days, the decision stands.

a) **Sanction Review:** Sanction Reviews are conducted by a Dean of Students, or designee, who will meet with the Respondent to discuss their rationale for requesting a review of the imposed sanction(s). The Respondent will receive a written outcome letter outlining if the imposed sanctions are upheld or modified.

b) **University Hearing Board:** When there are disputed facts and/or a dispute regarding responsibility of one or more of the violation(s), the Respondent can request the case be referred to the University Hearing Board.

5.1.6.4. Referral to University Hearing Board

When Housing Removal Deferred, Housing Removal, University Probation, Suspension Deferred, Suspension, or Expulsion are potential sanctions, the Case Administrator reserves the right to refer a case to the University Hearing Board upon the conclusion of the investigation. A Respondent can also request their case be referred to a University Hearing Board after an investigation has completed.
5.2. University Hearing Board Procedures

The University will establish a University Hearing Board to conduct hearings concerning alleged violations of the Code.

5.2.1. Composition and Training

c) Before appointing members of the Hearing Board, the Student Conduct & Community Standards staff will solicit recommendations from the campus community, and those recommended will be encouraged to apply.

d) Student Conduct & Community Standards staff will take affirmative steps to ensure that there is at least one student Hearing Board member on each Hearing Board panel. However, in cases when multiple attempts have been made to secure student board members, but no students are available to serve (e.g. during school breaks), the hearing may be comprised of only staff and faculty board members.

5.2.2. Notification

The Respondent(s) and Reporting Party(ies) will be notified at least five (5) business days prior to the date of the hearing. An additional five (5) business day notice is not required for rescheduled hearings. Such notice shall be in writing and include the following:

   b. A description of the alleged misconduct, including the time and place;
   c. The time and place of the hearing;
   d. The procedures to be followed in the hearing; and
   e. A list of campus resources available to individuals involved in the conduct process.

5.2.3. Hearing Board Requirements

1. Member(s) of the board shall be impartial.

2. The hearing will be open only to the Reporting Party(ies), Respondent(s), Case Administrator(s), Hearing Board members, Witness(es), Procedural Advisor(s), and Advisor(s). Others will be permitted at the discretion of the Procedural Advisor(s) in consultation with Hearing Board members.

The Procedural Advisor will be present for the entirety of the hearing process (including deliberation), and will be responsible for facilitating the hearing and addressing any procedural questions. The Procedural Advisor will not participate in the evaluation of information and/or the determination of a finding.

6. If parties fail to appear after proper notice, a hearing may be conducted in their absence.

7. Any person who disrupts a hearing may be excluded from the proceedings.

8. Hearing Board members may rely on general knowledge of campus and the general campus for decision making.

9. The Hearing Board may rely upon oral statements of witnesses, written reports, and other documents. All information must be submitted in advance of the hearing by established deadlines.

During the three (3) business days, parties involved may submit relevant information they wish to be considered in sanctioning. The official will send a copy of the decision to the Respondent. Where appropriate, the official shall also send a copy to the Reporting Party consistent with federal and state law.

5.3. Sanctions
Sanctions and restorative outcomes preserve individual and institutional integrity and, whenever possible and appropriate, help students to learn from their mistakes, repair harms, and regain their standing in the community. In determining sanction(s), the student’s present demeanor; past conduct record; the nature of the offense; the severity of any damage, disruption, injury, or harm resulting there from; character statement; and other factors may be considered.

Any further violation of the Code during or after the sanction period may subject the student to further sanction(s), including suspension or expulsion.

d) **Suspension Deferred**: Suspension Deferred is used for misconduct found serious enough to warrant suspension, but where the specific circumstances of the case mitigate the violation. Suspension Deferred is a designated period of time during which a student is given the opportunity to demonstrate the ability to abide by the community’s expectations of behavior articulated in the Code. If the student is found responsible while holding
the sanction of Suspension Deferred for any subsequent violation of the Code or fails to complete imposed sanctions by the deadline, the student may be suspended.

e) **Suspension:** Suspension is a separation of the student from the University for a specified period of time.

i. During the period of suspension, a student may not register or attend classes (either in person or online) at the University of Massachusetts Amherst.

iv. An administrative hold will be placed to prohibit the student from performing any registration transactions during the period of suspension. The hold will not be removed and the student will not be allowed to perform University transactions, including re-enrolling, until the conclusion of the suspension and all sanctions are fulfilled satisfactorily.

v. At the conclusion of the suspension and completion of all sanctions, the student may apply for readmission to the University. In order to re-enroll, the student must file an Application for Readmission, including the associated readmission fee, with the Registrar’s Office by the appropriate readmission deadline.

Housing Removal Deferred is a designated period of time during which a student is given the opportunity to demonstrate the ability to abide by the community’s expectations of behavior. If the student is found responsible for any
subsequent violation of the Code during the Housing Removal Deferred period, or fails to complete imposed sanctions by the deadline, the student may be removed from Housing.

### 5.3.4. Restorative and Educational Outcomes

a) **Behavioral Notice**: A written notice that a student displayed behavior that does not align with University behavioral expectations. Any future incident(s) may result in the initiation of a conduct case.

b) **Community Service**: Volunteering in the community is a way to be helpful to others, show that one is socially responsible, and rebuild the trust that is lost through misbehavior. Community service should be meaningful and rewarding, potentially serving as a platform for personal development. Community service serves two important goals: making amends to the community and demonstrating good citizenship.

5.4 Appeals
The University will establish a University Appeals Board (UAB).

5.4.1. University Appeals Board Composition and Training.

a) The Vice Chancellor for Student Affairs and Campus Life, or designee(s) may appoint a UAB Chair.
b) The UAB Chair is responsible for the recruitment, appointment, and training of UAB members.
c) The UAB will consist of University employees and/or students. Each appeals board will be composed of three to five (3-5) UAB members.

5.4.2. Procedures

a) A Respondent may appeal the outcome of a Sanction Review or University Hearing Board by submitting a letter of appeal to the UAB within five (5) business days of receiving the outcome letter.

b) When applicable, a Reporting Party may appeal a conduct outcome within five (5) business days after receiving the outcome letter detailing the decision of the case.

c) Upon reasonable request, the UAB Chair may extend the appeal deadline at their discretion. Extensions will be communicated in writing to all applicable parties.

d) An appeal must specifically allege and factually support one or more of the following grounds:
   i. A procedural error or irregularity that materially affected the outcome of the case; and/or
   ii. The presence of new information that could have substantially impacted the outcome of the case and that was not known or could not reasonably have been discovered and/or presented by the appealing party during the process and/or any subsequent hearing. Non-attendance at a hearing by any party does not constitute new information. The new information and its potential impact must be included in the appeal.

e) The appeal must state the ground(s) for the appeal and include any and all relevant information to support the appeal request. If raising a procedural error, a detailed explanation must be provided. If citing new information, this information must be submitted with the appeal.

f) Appeals are not re-hearings of the case. The original finding(s) and sanction(s) are presumed to have been decided reasonably and appropriately, thus the burden is on the appealing party(ies) to demonstrate grounds for appeal. Appeals are confined to a review of the written documentation or record of the original hearing and pertinent documentation regarding the grounds for appeal. The UAB must limit its review to the challenges presented.

g) The UAB Chair will conduct an initial review to determine if the appeal request meets the grounds for an appeal. If the appeal is not timely or substantively eligible, the original finding and sanction will stand and the decision is final.

h) If the appeal meets the grounds for the appeal, the UAB Chair will convene an appeals board to review the appeal and any relevant case information.
The appeals board will meet in a closed session (i.e. only board members permitted) and will make a decision to uphold the decision or remand the case to a previous decision-maker(s). The decision will be made within ten (10) business days and, when applicable, include instructions for reconsideration only in light of the granted appeal grounds. The deliberations of the appeals board will remain confidential.

Where the previous decision was impacted by a procedural or substantive error, a new hearing body can be directed to reconsider the case, which can in turn be appealed once.

Where new evidence is presented that could have substantially impacted the outcome, the UAB may request a previous decision-maker(s) to review and consider new information. The decision-maker(s) will inform the UAB of their final determination. The UAB will issue a final decision.

All applicable parties will be informed of the status of request for appeal, the status appeal consideration, and the results of the appeal.

All imposed sanctions will commence after the appeal period and/or process has concluded. If applicable, all interim supportive measures will remain in place unless otherwise determined.

5.4.3 Chancellor Review

In exceptional cases in which the Chancellor or designee determines that the safety or well-being of the campus community warrants, the Chancellor or designee may use professional discretion or, upon the request by an involved party, review the decision of the University official. The Chancellor or designee may refer the case back to any level for further review, may affirm the decision, or may overturn the decision. A decision from this review will be final.

6. Records

6.1 Criminal Records

Admitted students and matriculated students are required to report any convictions, wherever they occur, for crimes that would constitute felonies under Massachusetts law.

6.2 Confidentiality

a) Student conduct records are maintained by Student Conduct & Community Standards in compliance with the Family Educational Rights and Privacy Act (FERPA), Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), Massachusetts General Laws, and University regulations. Student conduct records are maintained separate and apart from all other student records.

b) Such records will be retained for seven years after the date of the incident which led to the initiation of disciplinary action. In cases where the final disposition is an expulsion, Student Conduct & Community Standards retains student discipline records indefinitely.

c) Student conduct records and related information shall be made available to University personnel designated in the Code as necessary. Upon receipt of a request from professional schools, graduate programs, employers, or others for the conduct records of a student, after the student provides an appropriate confidentiality waiver, Student Conduct & Community Standards will report Code violations consistent with attendant record keeping policies outlined herein.
d) Except as provided in the Code, the University shall not communicate a student’s conduct record and related information to any person or agency without the prior written consent of the student or, when the student is a minor, of the student’s parents or legal guardian, except as required by law.

e) All proceedings under the Code shall be private.

6.3 Accessing Student Records

Students may arrange to review their own disciplinary records and related information by contacting Student Conduct & Community Standards.

7.1 Guidelines for Classroom Civility and Respect

The guidelines are available on the Dean of Students Office website https://www.umass.edu/dean_students/campus-policies/classroom

7.2 Minutes Matter: Medical Amnesty Policy

The University of Massachusetts Amherst seeks to be a caring community committed to maintaining the health and safety of everyone. Severe intoxication or serious injuries after alcohol or drug consumption are potentially life-threatening emergencies. Although students may be reluctant to report these situations, obtaining medical help is imperative. If a student seeks help for someone under the influence of alcohol or drugs who needs medical attention, neither party will be charged with a Code of Student Conduct or Residence Hall Community Standards violation. If that person is a University of Massachusetts Amherst student, they will be required to attend BASICS and pay the associated fee.

Always call 911 for help if someone:

- Passes out and cannot be awakened.
- Vomits while passed out.
- Stops breathing.
- Has a seizure.

Parameters:

- This policy does not preclude student conduct actions regarding other violations.
- This policy does not preclude the police or other law enforcement personnel from taking action on other violations.
- Serious or repeated incidents will prompt a higher degree of health concern and response and may trigger a review under the Student Conduct process.
