TRAINING POLICY: Please remember the training policy is as follows: ONE USHER training required, EMERGENCY training is renewed ANNUALLY, and you must complete FIRE extinguisher training within the FIRST year of working or volunteering.

TARDINESS: It is our policy that all ushers need to be on time. The reporting time is when work begins. If you are late, or not ready to work at the reporting time, we do document it in your file. We give ushers three chances before dismissing them for tardiness. We appreciate your attention to this detail.

NEW USHERS: We will be hiring new ushers in the fall. If you know a student who would make a good usher, please tell them to check the University Student employment website in August for details and an application. Volunteers, if you have a friend interested in volunteering, please tell them to contact us directly if they are interested and we will send them information!
