

Imagine a place where
the next scientific breakthrough
is right at your
fingertips.

Work has begun on your new
Integrated Science Building.

The new ISB will
include all under-
graduate Chemistry
and upper-division
Life Science labs,
research and
teaching
development labs,
and a 300-seat
auditorium with
scientific
demonstration
facilities and
active-learning
technology.

For complete construction information,
join us at www.umass.edu/newdirt.

UMass Amherst
Dream. Build. Achieve.
