

Adjusted Gross Revenue (AGR) and AGR-Lite Insurance Informational Meeting

The Adjusted Gross Revenue (AGR) Insurance sign-up deadline is January 31, 2008 for the 2008 crop year. The AGR-Lite deadline is March 15. AGR and AGR-Lite Insurance are specifically designed for diversified producers, although it may be suitable for growers of one or two crops too, particularly those not covered by traditional crop insurance. Purchasing some kind of crop insurance -- including AGR -- should be one of your top priorities in an overall risk management strategy to protect your farm business and family from financial ruin. Do you have enough information to make a wise insurance purchase decision?

If not, please come to the AGR and AGR-Lite Insurance Informational meeting scheduled below. **Charles Koines**, an independent and respected crop insurance consultant, will give an overview of the 2008 AGR and AGR-Lite insurance programs. An independent crop insurance agent(s) will be there too to answer any specific questions pertaining to your farm, and help you sign-up before the deadline(s) if you choose to do so.

Monday, January 28, Tougas Family Farm, 246 Ball St., Northboro, MA
10:30 AM - 12 Noon, speaking program featuring Charles Koines, independent crop consultant; 12 Noon - 1PM refreshments.

Note that refreshments are included BUT you must call or e-mail me (413-478-7219, clements@umext.umass.edu) by January 25th to let me know you are coming -- J. Clements

Meeting sponsored by:
