1.0 GEO FTE = 760 annual hours. Examples: 20 hours per week for 19 weeks=380 hours=.5 FTE; 20 hours per week for 38 weeks=760 hours=1.0 FTE.

Vacation and Other Time Off: (pro rated if less or more than 1 FTE)
- **Vacation** = 1 day per month
  - *Example:* For a 20 hour per week appointment, vacation time equals 4 hours per month. You can use the multiplier .0473 times the total number of hours to determine vacation time. TAs and TOs must take vacation time during Winter break or Spring break unless agreement is reached with department head that an alternative schedule would be acceptable. RA’s and other graduate student employees may take vacation at any time, provided they obtain prior written approval from the supervisor.
  
  Vacation leave cannot be carried over beyond the contract period in which is earned.

- **Additional Time (For religious observances, personal leave, illness)** = 24 hrs. per semester for a FTE (fulltime) position or 17 hrs per 14-week summer session. For the academic year use the multiplier .063 times the total number of hours to determine Additional time during the semester. 
  - *Example:* For a 20 hr per week appointment, Additional Time equals: 20 hrs x 19 wk. x .063 = 24 hours/semester. For the summer session, use the multiplier .061 times the total number of hours to determine Additional Time during the summer. Example: 20 hr per week appointment during the summer, Additional Time equals: 20 hrs x 14 wk x .061 =17 hours/summer. Reminder: Additional Time cannot be carried over beyond the academic year or summer session in which it is earned.

RAs and other graduate student employees who are required by their supervisor to work on a University holiday shall receive compensatory time off unless such requirement is part of the graduate student employee’s job description.
