Type of Appointment: Research Assistantship

Application Deadline:

Job Description (No Clerical duties permitted):
This position is to work with the dean on a number of academic, scholarly and policy studies during the academic year. One of these will include examining models of how nursing can effectively engage technology companies and business enterprise in knowledge and skill transfer. Further work will be done on developing the concepts of innovation and entrepreneurialism in nursing and health care. There will also be work on refining models of manpower planning for nurses in the current climate of the Affordable Care Act.

Experience Required:
The preferred candidate will have strong skills in literature and database searching as well as a demonstrated ability in scientific writing. Experience with data analysis and the use of programs such as SPSS will be an advantage. An ability to think critically and challenge assumptions is expected. No prior knowledge of nursing, healthcare or similar fields is assumed and the necessary introduction to these fields will be provided.

Additional Information: The successful RA will be expected to fulfill 20 hours work per week predominantly in person working in the Skinner building. Nursing is a Mac friendly environment.

Dates of Appointment: From 08/24/15 To 01/09/16

Hours/Wk 20 Stipend $ 23.56 per hour
