- Instead of panhel post, I'll be making a panhellenic f.b. group with events, news and links etc. keep an eye out for the invite and please invite your chapters. Also panhel dels will be made admins in order to upload their info
- A public relations committee is in the works in order to discuss and solve issues pertaining to what the student body thinks of greek life. I'm looking for a rep from each chapter to sit on the committee and help with the process, meetings would most likely be once a month. More details to come, email me if interested.
