GIC BENEFIT DECISION GUIDE

ANNUAL ENROLLMENT
April 9 - May 7, 2014

Evaluate Your Options Carefully!

Commonwealth of Massachusetts Group Insurance Commission
Your Benefits Connection
Dear Colleagues:

As I said in my State of the Commonwealth speech in January, I am proud of the work that we in Massachusetts have done to improve health care for all of our residents. It is because of this hard work that our employees, our retirees and all those individuals who, because of the achievements of health care reform, now have health insurance to protect them and their families. It is a legacy I am proud of and I hope you share in that pride.

The Group Insurance Commission’s Centered Care Initiative is a true commitment toward reducing health care costs and improving quality, not just maintaining it. The GIC’s health plans will be reaching out to you to encourage your support for integrated delivery systems that will bring you care that is centered on you and your family. The focal point of this initiative is your Primary Care Provider (PCP), be it a physician, nurse practitioner or physician assistant. Your PCP will help coordinate the disparate services that modern medicine now provides through a team of providers offering different skills to meet your needs.

Getting the most out of this complex system depends on your active participation as a patient, a consistent relationship with a PCP and the coordination of care. Be sure to read through this 2014-2015 Benefit Decision Guide to get an overview of this initiative and your benefit options. You can also take advantage of other GIC resources for selecting your health plan, including the GIC’s website, www.mass.gov/gic, and health fairs across the state.

I urge you to be at the center of your care coordination by choosing a PCP and playing an active role in improving your own health. Thank you for your service and for helping us move forward with health care improvements.

Sincerely,

[Signature]

IMPORTANT REMINDERS

- This Benefit Decision Guide contains important benefit and rate changes effective July 1, 2014. Review pages 4-5, 12-13, and 15 for details.

- Read the Annual Enrollment Checklist on page 2 for information to consider when selecting a health plan.

- If you want to keep your current health plan, you do not need to fill out any paperwork. Your coverage will continue automatically.

- Once you choose a health plan, you cannot change plans until the next annual enrollment, even if your doctor or hospital leaves the health plan, unless you have a qualifying event, such as moving out of the plan’s service area or becoming Medicare eligible (in which case, you must enroll in a Medicare plan).

- Your annual enrollment forms or requests are due to the GIC no later than Wednesday, May 7, 2014. Forms and applications are available on the GIC’s website (www.mass.gov/gic/forms). Changes go into effect July 1, 2014.

This symbol indicates that benefits are not available to GIC Retired Municipal Teachers (RMTs not participating in the municipal health-only program) and Elderly Governmental Retirees (EGRs).

The Benefit Decision Guide is an overview of GIC benefits and is not a benefit handbook. Contact the plans or visit the GIC’s website for more detailed plan handbooks.
IDENTIFY which health plan(s) you are eligible to join:

- Determine if you are eligible for Medicare (see page 7).
- Where you live determines which plan(s) you may enroll in. See the map on page 8 for Medicare plan locations and page 9 for Non-Medicare plan locations.
- See each health plan page for eligibility details (see pages 17-33).

STEP 2:
For the plans you are eligible to join and are interested in...

- REVIEW their benefit summaries (see pages 17-33).
- WEIGH features that are important to you, such as out-of-network benefits, prescription drug coverage, and mental health benefits.
- REVIEW their monthly rates (see pages 12-13 and 15).
- If you are a Non-Medicare retiree/survivor, consider enrolling in a limited network plan – you will save money on your monthly premium (see page 10).
- CONTACT the plan to find out about benefits that are not described in this guide.

STEP 3:
Find out if your doctors and hospitals are in the plan’s network. Call the plan or visit the plan’s website and search for your own and your covered family members’ doctors and hospitals. Be sure to specify the health plan’s full name, such as “Harvard Pilgrim Primary Choice Plan” or “Harvard Pilgrim Independence Plan”, not just “Harvard Pilgrim.”

STEP 4:
If you are a Non-Medicare retiree/survivor, check on copay tier assignments that affect what you pay when you get physician or hospital services. (Copay tiers do not apply to GIC Medicare plans.)

Your health plan selection is binding until the next annual enrollment, even if your doctor or hospital leaves your health plan’s network during the year. The health plan will help you find another provider.

Three Great Resources

1. The plan’s website: Get additional benefit details, information about network physicians, tools to make health care decisions and more. See page 40 for website addresses.

2. The health plan’s customer service line: A representative can help you. See page 40 for phone numbers.

3. A GIC Health Fair: Talk with plan representatives and get personalized information and answers to your questions. See page 39 for the health fair schedule.
ANNUAL ENROLLMENT OVERVIEW

Once you choose a health plan, you cannot change plans until the next annual enrollment, even if your doctor or hospital leaves the health plan, unless you have a qualifying event, such as moving out of the plan’s service area or becoming eligible for Medicare (in which case you must enroll in a Medicare plan).

Enrollment and application forms are available on our website: www.mass.gov/gic/forms, at the GIC health fairs, and by calling or writing to the GIC.

For written requests to make a health plan change, include your name, address and GIC Identification number.

Indicates a GIC Limited Network Plan.
The Centered Care Initiative seeks to improve health care coordination and quality while reducing costs. Primary Care Providers play a critical role in helping their patients get the right care at the right place with the right provider. The central idea is to coordinate health care services around the needs of you, the patient. Because health care is so expensive, Centered Care also seeks to engage providers and health plans in managing these dollars more efficiently.

These efforts to manage spending benefit both you and Commonwealth taxpayers. Not only have we avoided cutting benefits, we were able to add federal-mandated benefits and some modest benefit enhancements, while also achieving an overall 1.0% premium increase for all employee and Medicare plans for the Fiscal Year 2015, the lowest increase in over 10 years. These rates are lower than national employer trends, which, according to Mercer’s National Survey of Employer-Sponsored Health Plans, will increase 2.1% in 2014 and another 5.2% in 2015. Other employers are controlling costs through enrollment restrictions and benefit cuts. The GIC’s Centered Care program holds our health plans to lower costs and improved health care over a five-year period.

In addition to helping to keep premiums in check, how does this affect NON-MEDICARE members?

THERE ARE 10 KEY ELEMENTS OF CENTERED CARE:

1. Primary Care Provider (PCP) designation – your health plan keeps track of who your PCP is and lets the provider know that you are their patient and you have selected him or her to coordinate your care.
2. PCP engagement – your PCP helps coordinate your care.
3. Data sharing – electronic medical records provide secure access to your health history, prescriptions, lab results and appointments to help your PCP and other providers keep track of your medical needs and make sure they are met.
4. Low-cost providers are encouraged – you will continue to have incentives for choosing low-cost, high-quality specialists and hospitals.
5. Expanded hours and urgent care access – the GIC and our health plans are working to expand providers’ hours to include some evenings and weekend appointments, making it more convenient for members with off-hour urgent care needs.
6. High level of care for chronically ill – if you have a chronic condition, your PCP will monitor and advise you all year long.
7. Disease management – members’ health plans will identify patients at risk for complications and will help those members and their PCPs navigate their care and find out about best practices.
8. Group visits – patients with similar conditions sometimes meet together with providers for education, group interaction, support, self-management assistance, and direct patient-practitioner encounters. These types of visits include wellness programs for patients with weight-related issues, diabetes, or low back pain.
9. Transitional care management – when you are released from the hospital to rehab or home, your treatment plan accompanies you.
10. Essential reporting package – our health plans will help providers to help you by giving them timely reports on patients, their fellow physicians, and best practices.

Benefits of all Non-Medicare health plans help support this initiative:

- All plans will be reaching out to members to acquire PCP information.
- One plan will offer a copay incentive for visiting a Centered Care PCP.
- Health plans will continue to tier specialists based on quality and/or cost-efficiency scores. Millions of physician claims are analyzed for differences in how physicians perform on nationally recognized measures of quality and/or cost efficiency.

You pay the lowest copay for the highest-performing doctors:

- ★★★ Tier 1 (excellent)
- ★★ Tier 2 (good)
- ★ Tier 3 (standard)

Physicians for whom there is not enough data and non-tiered specialists are assigned a plan’s Tier 2 copay.

Non-Medicare Retirees/Survivors: During annual enrollment, check your doctors’ and hospitals’ tier, as they can change each July 1 with new data.
ALL NON-MEDICARE HEALTH PLANS

Benefit Changes Related to Federal Health Care Reform and Mental Health Parity

Increased coverage for the following benefits; these benefits will be standardized across all Non-Medicare health plans:

- No dollar limit on wigs needed for cancer, leukemia, alopecia areata, alopecia totalis or permanent hair loss due to injury; restrictions may apply
- No dollar limit on low-protein foods for specified complex medical conditions
- No dollar limit on medically necessary Early Intervention Services (infant to age 3)
- No dollar limit on in-home dialysis supplies, drugs and equipment
- No dollar limit on speech therapy: visit maximums apply
- $5,000 per person/$10,000 per family in-network out-of-pocket maximum: out-of-pocket maximum will apply to medical and mental health/substance abuse costs, but will not apply to prescription drug costs for Harvard Independence and Primary Choice, Tufts Navigator and Spirit, and UniCare Basic, Community Choice and PLUS. Out-of-pocket maximum will apply to medical, mental health/substance abuse, and prescription drug costs for Fallon Direct and Select Care, Health New England and Neighborhood Health Plan.

There are no benefit changes for MEDICARE plans.

OTHER HEALTH PLAN BENEFIT CHANGES

FALLON HEALTH DIRECT CARE AND SELECT CARE

ItFits Health Club Reimbursement Benefit expanded to include one three-month gym membership reimbursement per subscriber to YMCA/YWCA; one five-month Weight Watchers Monthly Pass reimbursement per subscriber.

NEIGHBORHOOD HEALTH PLAN

PCP Copay: In keeping with the GIC’s efforts to encourage care coordination by Primary Care Providers (PCPs), PCPs will no longer be tiered and the copay will be $20 per visit.

Outpatient Mental Health/Substance Abuse Copay: $20 per visit

TUFTS HEALTH PLAN NAVIGATOR AND SPIRIT

Inpatient Hospital Care: Tufts Health Plan will no longer tier hospitals by different types of services. Hospitals will be tiered for all services combined based on quality and/or cost.

UNICARE INDEMNITY PLAN BASIC, COMMUNITY CHOICE, AND PLUS

Certain Oral, Injectable, Infused and Inhaled Specialty Drugs for conditions such as arthritis, multiple sclerosis and immune diseases will only be dispensed and covered through CVS Caremark Specialty Pharmacy and will be excluded from the medical benefit. This provision does not apply to infused chemotherapy agents.

UNICARE INDEMNITY PLAN PLUS

PCP Copay: Members will pay a lower copay if they visit a Centered Care PCP: $15 per visit

OTHER GIC BENEFIT CHANGES

LIFE INSURANCE BENEFIT ENHANCEMENT

The accelerated life benefit allows participants to elect an advance payment of their life insurance death benefit if they have been diagnosed with a terminal illness. Effective July 1, 2014, upon payment of the accelerated life benefit, future life insurance premiums will be waived regardless of a member’s age.
FREQUENTLY ASKED QUESTIONS

How Status Changes Affect GIC Benefits

Q I’m turning age 65; what do I need to do?
A If you are age 65 or over, call or visit your local Social Security Office for confirmation of Social Security and Medicare benefit eligibility. If you are eligible for Medicare Part A for free and if you are retired from the state, you must enroll in Medicare Parts A and B to continue coverage with the GIC.

Most enrollees should not sign up for Medicare Part D. Your drugs are already provided by your health plan. See page 16 for more information.

Q I am retired from the state, but not yet age 65. My GIC-covered spouse is turning age 65. What does my covered spouse need to do?
A If your GIC-covered spouse turns age 65 before you (the insured state retiree), your covered spouse should visit your local Social Security Office for confirmation of Social Security and Medicare benefit eligibility. If your covered spouse is eligible for Medicare Part A for free, he/she must enroll in Medicare Parts A and B to continue coverage with the GIC.

Q I am retired from the state. I am (or my covered spouse is) age 65 or over and the other one of us is not. How does this affect our GIC health insurance?
A If you or your covered spouse is age 65 or over and eligible for Medicare Part A for free, but the other one is under age 65, the person under age 65 will continue to be covered under a Non-Medicare plan until he/she becomes eligible for Medicare coverage. The person age 65 or over must enroll in a GIC Medicare Plan. If you have Medicare/Non-Medicare combination coverage, you must enroll in one of the pairs of plans listed on page 7.

Q I am an MBTA Local 589 retiree/survivor and enrolled in GIC benefits during the fall special open enrollment. Is there anything I need to do during Annual Enrollment?
A If you enrolled in GIC benefits during the special enrollment for MBTA Local 589 retirees and survivors, the GIC benefits you elected at that time will go into effect on July 1, 2014. Complete and return to the GIC enrollment and change forms only if you wish to change your health plan election.

Q I am an active GIC-eligible employee and am also retired from a state agency or participating municipality and am eligible for GIC retirement benefits. Can I elect both employee and retiree benefits?
A No. You must elect active employee or retiree benefits. Contact the GIC to indicate whether you want employee or retiree benefits.

Q If I die, is my surviving spouse eligible for GIC health insurance?
A If you (the state retiree) have coverage through the GIC at the time of your death, your surviving spouse is eligible for GIC health insurance coverage until he/she remarries or dies, regardless of your retirement benefit option (A, B or C). However, he/she must apply for survivor coverage by contacting the GIC for an application; survivor coverage is not an automatic benefit. If your surviving spouse is a state or participating municipal employee or retiree, he or she must elect coverage through the state or participating municipality and is not eligible for survivor health coverage.

See the GIC’s website for answers to other frequently asked questions:
www.mass.gov/gic/faq

You MUST Notify the GIC When Your Personal or Family Information Changes

Failure to provide timely notification of personal information changes may affect your insurance coverage and may result in your being billed for services provided to you or a family member. Please write to the GIC if any of the following changes occur:

- Marriage or remarriage
- Remarriage of a former spouse
- Legal separation
- Divorce
- Address change
- Dependent age 19 to 26 who is no longer a full-time student
- Dependent other than full-time student who has moved out of your health plan’s service area
- Death of an insured
- Death of a covered spouse, dependent or beneficiary
- Life insurance beneficiary change
- Birth or adoption of a child
- Legal guardianship of a child
- You have GIC COBRA coverage and become eligible for other coverage

You may be held personally and financially responsible for failure to notify the GIC of personal or family status changes.
Medicare Guidelines

Medicare is a federal health insurance program for retirees age 65 or older and certain disabled people. Medicare Part A covers inpatient hospital care, some skilled nursing facility care and hospice care. Medicare Part B covers physician care, diagnostic x-rays and lab tests, and durable medical equipment. Medicare Part D is a federal prescription drug program.

When you or your spouse is age 65 or over, or if you or your spouse is disabled, visit your local Social Security Administration office to find out if you are eligible for free Medicare Part A coverage.

If you (the insured) continue working after age 65, you and/or your spouse should NOT enroll in Medicare Part B until you (the insured) retire.

When you (the insured) retire:

- If you and/or your spouse is eligible for free Part A coverage, state law requires that you and/or your spouse enroll in Medicare Part A and Part B in order to be covered by the GIC.

- You must join a Medicare plan sponsored by the GIC to continue health coverage. These plans provide comprehensive coverage for some services that Medicare does not cover. If both you and your spouse are Medicare eligible, both of you must enroll in the same Medicare plan.

- You must continue to pay your Medicare Part B premium. Failure to pay this premium will result in the loss of your GIC coverage.

Important Information About Medicare Part D

Medicare Retirees and Survivors

For most GIC Medicare enrollees, the drug coverage you currently have through your GIC health plan has better benefits than the federal Medicare Part D drug plan options. Therefore, you do not need to enroll in a Medicare Part D drug plan. See page 16 for additional details.

Retiree and Spouse Coverage if Under and Over Age 65

If you (the retiree), your spouse or other covered dependent is younger than age 65, the person or people under age 65 will continue to be covered under a Non-Medicare plan until you and/or he/she becomes eligible for Medicare.

If this is the case, you must enroll in one of the pairs of plans listed below:

How to Calculate Your Rate
See rate charts on pages 12-13 and 15.

Retiree and Spouse Both on Medicare
Find the “Retiree Pays Monthly” rate for the Medicare plan in which you are enrolling and double it for your total monthly rate.

Retiree and Spouse Coverage if Under and Over Age 65
1. Find the “Retiree Pays Monthly” premium for the Medicare Plan in which the Medicare retiree or spouse will be enrolling.
2. Find the “Retiree Pays Monthly” individual coverage premium for the Non-Medicare Plan in which the Non-Medicare retiree or spouse will be enrolling.
3. Add the two premiums together; this is the total that you will pay monthly.

Helpful Reminders
- Call or visit your local Social Security office for more information about Medicare benefits.
- HMO Medicare plans require you to live in their service area. See the map below.
- You may change GIC Medicare plans only during annual enrollment, unless you have a qualifying event, such as moving out of your plan’s service area. Note: Even if your doctor or hospital drops out of your Medicare HMO, you must stay in the HMO until the next annual enrollment. Your Medicare HMO will help you find another provider.
- Benefits and rates of Fallon Senior Plan and Tufts Health Plan Medicare Preferred are subject to federal approval and may change January 1, 2015; you cannot change plans until the Spring Annual Enrollment period. These plans automatically include Medicare Part D prescription drug benefits. Contact the plans for additional details.

* Not every city and town is covered in this county or state; contact the plan to find out if you live in the service area. The plan also has a limited network in this county or state; contact the plan to find out which doctors and hospitals participate in the plan.
Non-Medicare Retirees and Survivors: Consider Enrolling in a Limited Network Plan to Save Money Every Month on Your Premiums!

Limited network plans help address differences in provider costs. You will enjoy the same benefits as the wider network plans, but will save money because limited network plans have a smaller network of providers (fewer doctors and hospitals). Your savings depend on:

- The plan you are switching from,
- The plan you select,
- Your premium contribution percentage, and
- Whether you have individual or family coverage.

See pages 13 and 15 to determine what the savings would be for the plans you are considering.

Find out if your hospital is in a GIC limited network plan

The GIC has a side-by-side comparison of the six limited network plans and their participating hospitals on our website: [www.mass.gov/gic/limitedplans](http://www.mass.gov/gic/limitedplans)

For participating physician and other provider details, contact the individual plans by phone or visit their website (see page 40).

Your Responsibility Before You Enroll in a Plan

- Once you choose a plan, you cannot change health plans during the year, unless you move out of the plan’s service area or within 30 days of certain qualifying events. If your doctor or hospital leaves your health plan, you must find a new participating provider in your chosen plan.
- Check if your doctors participate in the plan
- Find out if the doctors’ affiliated hospitals are in the plan
- Keep in Mind: Doctors and hospitals can leave a plan during the year, usually because of health plan and provider contract issues, practice mergers, retirement or relocation.

The GIC’s limited network plans are:

- **Fallon Health Direct Care** – an HMO available throughout central Massachusetts, Metro West, Middlesex County, the North Shore and the South Shore. The plan includes 26 area hospitals and another five “Peace of Mind” hospitals in Boston that provide second opinions and care for very complex cases.
- **Harvard Pilgrim Primary Choice Plan** – an HMO with a network of 55 hospitals. The plan is available throughout Massachusetts, except for Cape Cod, Martha’s Vineyard, Nantucket, and parts of Berkshire County.
- **Health New England** – a western Massachusetts-based HMO that also covers parts of Worcester County and includes 18 Massachusetts hospitals.
- **NHP Care (Neighborhood Health Plan)** – an HMO with a provider network that includes community health centers, independent medical groups and hospital group practices, as well as 57 hospitals. NHP Care is available across most of the state except for Berkshire, Franklin, and Hampshire Counties.
- **Tufts Health Plan Spirit** – an EPO (HMO-type) plan with a network of 53 hospitals. The plan is available throughout Massachusetts, except for Martha’s Vineyard, Nantucket, and parts of Berkshire and Hampshire Counties.
- **UniCare State Indemnity Plan/Community Choice** – a PPO-type plan with a network of 53 hospitals. All Massachusetts physicians participate. The plan is available throughout Massachusetts, except for Martha’s Vineyard and Nantucket.
Deductible Questions and Answers

**What is a deductible?**

All GIC Non-Medicare Retiree/Survivor health plans include a calendar year deductible. This is a fixed dollar amount you must pay each calendar year before your health plan begins paying benefits for you or your covered dependent(s). This is a separate charge from any copays.

**How much is the in-network calendar year deductible?**

The deductible is $250 per member, up to a maximum of $750 per family.

Here is how it works for each coverage level:

- **Individual**: The individual has a $250 deductible before benefits begin.
- **Two-person family**: Each person must satisfy a $250 deductible.
- **Three- or more person family**: The maximum each person must satisfy is $250 until the family as a whole reaches the $750 maximum.

If you are in a PPO-type plan, the out-of-network deductible is $400 per member, up to a maximum of $800 per family; this is a separate charge from the in-network deductible.

**Which health care services are subject to the deductible?**

The lists below summarize expenses that generally are and are not subject to the annual deductible. These are not exhaustive lists. You should check with your health plan for details. As with all benefits, variations in the guidelines below may occur, depending upon individual patient circumstances and a plan’s schedule of benefits.

Examples of in-network expenses **generally exempt** from the deductible:

- Prescription drug benefits
- Outpatient mental health/substance abuse benefits
- Office visits (primary care physician, specialist, retail clinics, preventive care, maternity and well baby care, routine eye exam, occupational therapy, physical therapy, chiropractic care and speech therapy)
- Medically necessary child and adult immunizations
- Medically necessary wigs
- Hearing aids
- Mammograms
- Pap smears
- EKGs

Examples of in-network expenses **generally subject to** the deductible:

- Emergency room visits
- Inpatient hospitalization
- Surgery
- Laboratory and blood tests
- X-rays and radiology (including high-tech imaging such as MRI, PET and CT scans)
- Durable medical equipment

**Am I subject to another deductible when the new fiscal year begins or if I change plans because I move out of the service area during the year?**

Although GIC health benefits are effective each July, the deductible is a calendar year cost.

*You will not be subject to a new deductible if:* You stay with the same health plan carrier but switch to one of its other options.

*You will be subject to a new deductible if:* You choose a new GIC health plan carrier.

**How will I know how much I need to pay out of pocket?**

Upon request, plans are now required to tell you before you incur a cost the amount you will be required to pay. Call your plan or visit their website to get this information.

When you visit a doctor or hospital, the provider will ask you for your copay upfront. After you receive services, your health plan may provide you with an Explanation of Benefits, or you can call your plan to find out which additional portion of the costs you will be responsible for. The provider will then bill you for any balance owed.

How to Calculate your Monthly Premium Effective July 1, 2014

1. Find the city, town or the school district from which you retired on the life insurance rate chart on page 14.
2. Locate your “RMT Pays Monthly” rate for life insurance.
3. Add that amount to the “RMT Pays Monthly” rate below for the health plan you are interested in to determine your monthly combined life and health insurance premium.

\(^1\) Benefits and rates of Fallon Senior Plan and Tufts Health Plan Medicare Preferred are subject to federal approval and may change January 1, 2015.

\(^2\) CIC is an enrollee-pay-all benefit.

\(^3\) The RMT share of the rate for these plans has been subsidized for FY15 using funds from the GIC UniCare Rate Stabilization Reserve.
Drug Copayments
All GIC health plans provide benefits for prescription drugs using a three-tier copayment structure in which your copayments vary, depending on the drug dispensed. The following descriptions will help you understand your prescription drug copayment levels. Contact the plans you are considering with questions about your specific medications.

**Tier 1:** You pay the lowest copayment. This tier is primarily made up of generic drugs, although some brand name drugs may be included. Generic drugs have the same active ingredients in the same strength as their brand name counterparts. Brand name drugs are almost always significantly more expensive than generics.

**Tier 2:** You pay the mid-level copayment. This tier is primarily made up of brand name drugs, selected based on reviews of the relative safety, effectiveness and cost of the many brand name drugs on the market. Some generics may also be included.

**Tier 3:** You pay the highest copayment. This tier is primarily made up of brand name drugs not included in Tiers 1 or 2. Generic or brand name alternatives for Tier 3 drugs may be available in Tiers 1 or 2.

**Tip for Reducing Your Prescription Drug Costs**

**Use Mail Order:** Are you taking prescription drugs for a long-term condition, such as asthma, high blood pressure, or high cholesterol? Switch your prescription from a retail pharmacy to mail order. It can save you money—up to one copay for three months of medication. See pages 17-33 for copay details. Once you begin mail order, you can conveniently order refills by phone or online. Contact your plan for details.

Prescription Drug Programs
Some GIC plans, including the UniCare State Indemnity Plans’ prescription drug program managed by CVS Caremark, have the following programs to encourage the use of safe, effective and less costly prescription drugs. Contact the plans you are considering to find out details about these programs:

**Mandatory Generics** – When filling a prescription for a brand name drug for which there is a generic equivalent, you will be responsible for the cost difference between the brand name drug and the generic, plus the generic copay.

**Step Therapy** – This program requires enrollees to try effective, less costly drugs before more expensive alternatives will be covered.

Medicare Part D Prescription Drug Reminders and Warnings
For most GIC Medicare enrollees, the drug coverage you currently have through your GIC health plan is a better value than the federal Medicare Part D drug plans being offered. Therefore, most individuals should not enroll in a federal Medicare drug plan.

- A “Notice of Creditable Coverage” is in your plan handbook. It provides proof that you have comparable or better coverage than Medicare Part D. If you should later enroll in a Medicare drug plan because of changed circumstances, you must show the Notice of Creditable Coverage to the Social Security Administration to avoid paying a penalty. Keep this notice with your important papers.

- If you have limited income and assets, the Social Security Administration offers help paying for Medicare prescription drug coverage; this may be the one instance where signing up for a Medicare Part D plan may work for you. Help is available online at www.ssa.gov or by phone at 1.800.772.1213.

- If you are a member of one of our Medicare Advantage plans (Fallon Senior Plan and Tufts Health Plan Medicare Preferred), your plan automatically includes Medicare Part D coverage. If you enroll in another Medicare Part D drug plan, the Centers for Medicare & Medicaid Services will automatically dis-enroll you from your GIC Medicare Advantage health plan, which means you will no longer have a Medicare plan through the GIC.
FALLON SENIOR PLAN

Fallon Senior Plan is a Medicare Advantage HMO plan that provides coverage through the plan’s network of doctors, hospitals, and other providers. Members must select a Primary Care Physician (PCP) to manage their care and obtain referrals to specialists.

Life insurance, insured by The Hartford Life and Accident Insurance Company, helps provide for your family's economic well-being in the event of your death. This benefit is paid to your designated beneficiaries.

GIC Retired Municipal Teachers (RMTs) are eligible for basic life insurance only in an amount determined by the city or town from which they retire. See page 14 for details.

Survivors, Elderly Governmental Retirees (EGRs), COBRA enrollees, and retirees in the GIC municipal health-only program are not eligible for GIC basic or optional life insurance.

**Basic Life Insurance**
(Retired State Employees Only)
The Commonwealth requires $5,000 of Basic Life Insurance for most retirees who have health coverage through the GIC.

**Optional Life Insurance After Retirement**
(Retired State Employees Only)
At retirement, you should review the amount of your Optional Life Insurance coverage and its cost to determine whether it will make economic sense for you to keep it or reduce your amount of coverage. Talk with a financial advisor about other programs that might be more beneficial at retirement. If you make no change to your optional life coverage at retirement, you will be responsible for the retiree optional life insurance premium, which can be substantial. Optional Life Insurance rates significantly increase when you retire, and continue to increase based on your age. If you have paid off your home and other debts, such as student loans, a financial advisor might recommend other programs that might be more beneficial. You may decrease, but cannot increase your amount of life insurance after you retire. If you decrease coverage and then later want to increase up to the amount you carried at the time of retirement, you may do so only with proof of good health acceptable to The Hartford.

**Optional Life Insurance Non-Smoker Benefit**
(Retired State Employees Only)
During annual enrollment, retired state employees who have been tobacco-free (have not smoked cigarettes, cigars or pipes nor used e-cigarettes, snuff or chewing tobacco) for at least the past 12 months are eligible for reduced non-smoker Optional Life Insurance rates effective July 1, 2014. Request an enrollment form by writing to the GIC, visiting us at a health fair, or downloading it from our website. You will be required to periodically re-certify your non-smoking status in order to qualify for the lower rates.

**Accelerated Life Benefit**
(Retired State Employees and GIC RMTs Only)
This one-time benefit allows you to elect an advance payment of 25% to 75% of your life insurance death benefit if you have been diagnosed with a terminal illness. Insured retirees are eligible for this benefit if the attending physician provides satisfactory evidence that you have a life expectancy of 12 months or less. Effective July 1, 2014, upon payment of the accelerated life benefit, future life insurance premiums will be waived regardless of your age. The remaining balance is paid to your beneficiary when you die.

GIC Retired Municipal Teachers with Basic Life Insurance of $1,000 do not have Accidental Death & Dismemberment benefits.
If you have access to non-GIC health insurance through your spouse or another source, it may pay to participate in the Buy-Out Program.

**During Annual Enrollment**

If you were insured with the GIC on January 1, 2014 or before and continue your coverage through June 30, 2014, you may apply to buy out your health plan coverage **effective July 1, 2014**, during annual enrollment.

**October 6 – November 7, 2014**

If you are insured with the GIC on July 1, 2014 or before, and continue your coverage through December 31, 2014, you may apply to buy out your health plan coverage **effective January 1, 2015**. The enrollment period for this buy-out will be October 6 – November 7, 2014.

You must have other non-GIC health insurance coverage that is comparable to the health insurance you now receive through the Group Insurance Commission and must maintain basic life insurance. Under the buy-out plan, eligible state retirees receive 25% of the full-cost monthly premium in lieu of health insurance benefits for one 12-month period. You will receive a monthly check. The amount of payment depends on your health plan and coverage.

---

**FOR EXAMPLE:**

Retiree with UniCare State Indemnity Plan/ Medicare Extension (OME) individual coverage

- Full-cost premium on July 1, 2014: $367.16
- 25% of this premium
- Monthly 12-month benefit

Retiree receives 12 monthly checks of $64.02

(after federal and state taxes)
**GIC Retiree Dental Plan**

Metropolitan Life Insurance Company (MetLife) is the provider of the GIC Retiree Dental Plan. The plan offers a fixed reimbursement of up to $1,250 per member per year for dental services:

- Dental examinations
- Dental cleanings
- Fillings
- Crowns
- Dentures
- Dental implants

As a member of this plan, you may go to the dentist of your choice. However, you will save money by visiting one of the over 226,000 nationwide network of participating dentists. When you visit a MetLife provider, your out-of-pocket expenses will be lower, as you usually pay the lower negotiated fee, even after you have exceeded your annual maximum.

This is an entirely voluntary plan *(retiree-pay-all)* that provides GIC members with coverage at discounted group insurance rates through convenient pension deductions.

**Eligibility**

All state retirees, Elderly Governmental Retirees (EGRs), survivors and GIC Retired Municipal Teachers (RMTs who do not participate in the municipal health-only program) are eligible for the GIC Retiree Dental Plan.

---

**GIC Retiree Vision Discount Plan**

Davis Vision is the carrier for the Retiree Vision Discount Plan. The plan is available at any of the over 27,000 nationwide Davis Vision providers. The plan offers significant discounts on:

- Eye examinations;
- Frames;
- Spectacles; and
- Contact lenses

All eyeglasses purchased through the Retiree Vision Discount Plan are covered by a two-year unconditional warranty against breakage at no additional cost. There is no monthly premium or fee to use the program; you pay for the services at the discounted price when they are needed. However, you must call Davis Vision before visiting the provider’s office in order to participate.

**Eligibility**

To be eligible for this program, you, as the insured, must have GIC coverage. Your family members are only eligible if they are covered under your GIC health plan.

---

**Enrollment**

Eligible retirees may join during annual enrollment, when COBRA dental coverage ends, when they become a survivor of a GIC member, or at retirement. **However, if you have ever dropped coverage, you can never re-enroll in the plan.**

Attend a Health Fair
Retirees and survivors who are thinking about changing health plans, or looking at other benefit options, can attend one of the GIC’s health fairs to:

- Speak with health and other benefit plan representatives;
- Pick up detailed materials and provider directories;
- Ask GIC staff about your benefit options;
- Change your health plan or apply for other GIC retiree/survivor benefits; and
- Take advantage of complimentary health screenings.

See page 39 for the schedule.

Inscripción Anual
La inscripción anual tendrá lugar a partir del 9 de abril hasta el 7 de mayo del 2014. Durante dicho período, usted como (empleado o jubilado del estado) tendrá la oportunidad de inscribirse o cambiar su seguro de salud. Si desea mantener los beneficios del seguro de salud que actualmente tiene no hace falta que haga nada. Su cobertura continúa en forma automática.

Usted deberá permanecer en el plan de salud que seleccionó hasta el próximo período de inscripción anual aunque su médico o hospital se salgan del plan, a menos que usted se mude fuera del área de servicio o es elegible para Medicare.

Los cambios de cobertura entrarán en vigencia el 1 de julio del 2014. Para obtener más información, sírvase llamar a Group Insurance Commission (Comisión de Seguros de Grupo) al 617.727.2310, extensión 1. Hay empleados que hablan español que le ayudarán.

年度登记
年度投保從 2014 年 4 月 9 日開始，到 5 月 7 日結束。在這段期間，您 (因為您是這個州的員工或退休員工) 有機會可以投保或變更您的健康保險。如果您希望維持您目前的健康保險福利，則什麼都不必做。您的承保會自動持續。

即使您的醫師或醫院退出本計畫，您仍須維持您目前選擇的健保計畫，直到下一次開放投保期間才可以變更，除非是您搬離服務區域或是您符合 Medicare 的資格。

任何承保變更都會在 2014 年 7 月 1 日生效。欲查詢詳情，請致電 Group Insurance Commission，電話 617.727.2310，分機 1。

### OTHER QUESTIONS?

Call the GIC: 1.617.727.2310, ext. 1, TDD/TTY: 1.617.227.8583 ● www.mass.gov/gic
Centered Care — a GIC program that seeks to improve health care coordination and quality while reducing costs. Primary Care Providers play a critical role in helping their patients get the right care at the right place with the right provider. The central idea is to coordinate health care services around the needs of you, the patient. Because health care is so expensive, Centered Care also seeks to engage providers and health plans on managing these dollars more efficiently.

CIC (Catastrophic Illness Coverage) — an optional part of the UniCare State Indemnity Plan/Basic and Medicare Extension (OME) plans. CIC increases the benefits for most covered services to 100%, subject to deductibles and copayments. It is a Commonwealth of Massachusetts enrollee-pay-all benefit. Enrollees without CIC receive only 80% coverage for some services and pay higher deductibles. Over 99% of current Indemnity Plan Basic and Medicare Extension Plan members select CIC.

COBRA (Consolidated Omnibus Budget Reconciliation Act) — a federal law that allows enrollees to continue their health coverage for a limited period of time after their group coverage ends as the result of certain employment or life event changes.

CPI (Clinical Performance Improvement) Initiative — a GIC program which seeks to improve health care quality while containing costs for the Commonwealth and our members. Claims data from all six GIC health carriers are aggregated to identify differences in physician quality and cost efficiency, and this information is given back to the plans to tier specialists. Members who choose to see high-performing doctors pay lower copays.

Deductible — a set dollar amount which must be satisfied within a calendar year before the health plan begins making payments on claims.

Deferred Retirement — allows you to continue your group health insurance after you leave state service with vested pension rights until you begin to collect a pension. Until you receive a retirement allowance, you will be responsible for the entire life and health insurance premium costs, for which you are billed directly. If you withdraw your pension money, you are not eligible for GIC coverage.

EAP (Enrollee Assistance Program) — mental health services that include help for depression, marital issues, family problems, alcohol and drug abuse, and grief. Also includes referral services for legal, financial, family mediation, and elder care assistance.

EGR (Elderly Governmental Retiree) — a state employee who retired from state service prior to January 1, 1956. EGRs also include certain municipal employees who retired prior to the date their city or town elected to provide health insurance benefits to their employees/retirees and whose municipality has elected to participate in the EGR program.

EPO (Exclusive Provider Organization) — a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. EPOs do not offer out-of-network benefits, with the exception of emergency care. An EPO encourages the selection of a Primary Care Provider (PCP).

GIC (Group Insurance Commission) — a quasi-independent state agency governed by a 17-member commission appointed by the Governor. The mission of the GIC is to provide high-value health insurance and certain other benefits to state, particular authority, and participating municipality employees, retirees, and their survivors and dependents.

HMO (Health Maintenance Organization) — a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. HMOs do not offer out-of-network benefits, with the exception of emergency care. An HMO requires the selection of a Primary Care Provider (PCP).

Limited Network Plan — a less expensive health plan that offers essentially the same benefits as more expensive, wider network plans, but with fewer physicians, hospitals, and other providers.

Networks — groups of doctors, hospitals and other health care providers that contract with a benefit plan. If you are in a plan that offers both network and non-network coverage, you will receive the maximum level of benefits when you are treated by network providers.

PCP (Primary Care Provider) — physicians with specialties in internal medicine, family practice, and pediatrics as well as nurse practitioners and physician assistants who coordinate their patients’ health care.

PPO (Preferred Provider Organization) — a health insurance plan that offers coverage by network doctors, hospitals, and other health care providers, but also provides a lower level of benefits for treatment by out-of-network providers. A PPO plan encourages the selection of a Primary Care Provider (PCP).

Preventive Services — generally, health care services, such as routine physicals, that do not treat an illness, injury, or a condition.

RMT (GIC Retired Municipal Teacher) — a retired teacher from a city, town or school district who is receiving a pension from the Teacher’s Retirement Board and whose municipality has elected to participate in the GIC RMT program. Retired teachers who participate in the municipal program for GIC health-only benefits are not RMTs.

39-Week Layoff Coverage — allows laid-off employees to continue their group health and life insurance for up to 39 weeks (about 9 months) by paying the full cost of the premium.
