

A list of the UMass Courses accepted from outside of Legal Studies as part of the LAW-RELATED, LIBERAL ARTS Course Requirement

If you see a course that seems appropriate for this requirement, get a course description and contact your advisor, Tami Paluca, at tlpaluca@legal.umass.edu or 413.545.9698 to discuss the possibility of a substitution. Acceptance is not automatic; you should get approval before registering for the class. If you take a course with a *** in place of a course number, contact Tami so that she can update your degree progress report with the correct information.

Note that Business Law and Sports Law are specifically excluded from this list because they are not liberal arts courses.

If you are intending to use one of these courses as a requirement for a double major or minor, contact the other department to confirm that they will let you double count the course. We are happy to let you “double count” on our end, but that doesn’t guarantee acceptance on the other end for THEIR requirements.

AfroAm	190G	Racism and the American Experience	Educ	377	Introduction to Multicultural Education
