Residential Life Graduate Assistant Application Questions

1. Describe your experience(s) working with college students (your experience in advising, mentoring, leadership and/or supervision in a college or university setting)

2. Describe your administrative and organization systems. How do you stay organized in a fast paced, changing environment?

3. What does effective supervision mean to you? What do you need from a supervision relationship or organization to be successful?

4. Describe your ability to address student behavior and crisis management. Provide at least 1 example of how you have addressed student behavior or served as a crisis manager.

5. Please describe your overall abilities/philosophy around addressing student behavior and crisis management.

6. Have you worked with a learning community focused around a specific interest, identity, or academic field of study? If yes, please describe the community, your role, and its impacts on your experience.

7. Whether it is programmatic, supervisory, or in a conversation with one or more students, how do you build community across difference?

8. Please reflect on up to your top 3 positions within our department. Write a paragraph about why you are the best fit for the position, and interest in the position.
