

# Lunch 'n Learn: Ready for Retirement

Understand your Options. Understand your UMass Plan.

---

*Do I have enough money to retire in comfort?*

*What do I do with my 403b (TSA) and 457 Plans when I retire?*

*Why won't I receive all the social security I qualify for?*

*Mass State Pension – Option A, B or C?*

*What will inflation do to my retirement income over time?*

*Can I count on investments in the stock market or should I move everything to CDs?*

If you have asked these questions and aren't confident you know the answers, UMassFive College Federal Credit Union invites all UMass Amherst employees to come and learn.

This is a hands-on workshop for UMass employees who are at or near retirement age. Bring your questions and share your experiences of what you've understood from your employer, co-workers, and other sources of information. Our goal is to help you streamline the transition from employment to retirement with efficiency and confidence.
