

# CHM & MRSEC REU Final Presentations

**TWO DAYS: August 3 & 4  
9:00AM-12:00PM**

**Conte Research Center, A110-111  
Refreshments served at 8:30AM**

The public is invited to attend the summer undergraduate research final presentations of the Materials Research Science and Engineering Center (MRSEC) and the Center for Hierarchical Manufacturing (CHM) Research Experience for Undergraduate (REU) Programs, where the students will present the results of their summer projects.

Surya Murty, University of Pennsylvania  
Richard Johnson, University of Michigan  
Heather Leask, University of Connecticut  
Joseph Fuentes, California State University, Los Angeles  
Kole Grain, Southern University at Shreveport  
Ivan Perez, University of Puerto Rico, Rio Piedras  
Sean Corning, Stonehill College  
Kyle Sargent, University of Massachusetts Amherst  
Benjamin Hanson, Skidmore College  
G. Connor Evans, Case Western Reserve University  
Matthew Gurney, University of Massachusetts Amherst  
Venkata Yelleswarapu, Boston University  
Kyle Delaney, Pennsylvania State University  
Johnswell Villanueva Padilla, University of Puerto Rico, Mayagüez  
Aimee Khan, University of Massachusetts Amherst  
Elena Stachew, Case Western Reserve University  
Daniel Gonzalez, Northeastern University  
Kewei Zhang, University of Massachusetts Amherst  
Nikita Nayyar, University of Massachusetts Amherst

The REU programs are sponsored by the National Science Foundation, the Center for Hierarchical Manufacturing, and the Materials Research Science and Engineering Center.
