Writing Assessment: Additional Resources

Where can I find out more?

The following pages offer a variety of on-campus and on-line resources, as well as a reference list of articles and publications referred to in this handbook, to provide additional assistance as you move deeper into the assessment process.

On-campus resources give you with a “real person” to contact should you have questions, concerns or need additional information or support.

On-line websites give you further opportunity to explore how assessment is being used at other large research institutions across the country. These websites are particularly useful in providing specific examples and “how-tos” as well as in sharing how the assessment experience is playing out in higher education today.

References from the literature offer more in-depth discussion of assessment topics.
