* High School rank is a percentile scale with 0 representing the top of a class and 99 the bottom.

† 25-75th Percentile represents the range of scores for the middle 50% of students.

** Includes students enrolled in at least one credit-bearing course at the end of the fourteenth calendar day of the semester.

†† Number of students for whom these data were available.

Note 1. SAT scores are reported for all students regardless of whether or not the score was used in the admissions decision. Prior to Fall 1998 SAT scores for special admits were excluded; therefore scores are not comparable to previous semesters.

Note 2. Mean and percentiles not calculated when the number of cases is less than three.

Note 3. Information is reported according to the School or College affiliation of the major to which the student was **accepted**.
