Note A. **Student Major:** A student with a declared major within the school or college. For undergraduate totals at the school or college level, the **deduplicated** count of student majors (primary and secondary) is reported. At the campus level, the "Total" is an **unduplicated** count. Therefore, the sum of school and college totals does not equal "Total" counts.

Note B. At the Undergraduate level, "Other" school/college category includes pre-majors and students with a major of "Undeclared."

Note C. Data are based on the current organizational structure of academic units and departments. Therefore, school or college totals may not be directly comparable to previous semesters and/or years due to the consolidation, reassignment, or suspension of selected academic programs.

Note D. See Enrollment Definitions for additional detail.
