*Race/Ethnicity is based on a student's voluntary self-report.

Acc. Rate: The percent of applicants who were accepted.

Yield: The percent of accepted students who enrolled.

‡: If the number of students in a particular ALANA racial/ethnic category is less than four, it will not be shown but will be reported in the ALANA Total.

Note A. New federal race/ethnicity standards allow individuals to specify more than one race. In addition, some categories have been renamed, Asian and Pacific Islander categories were split, and "Two or More Races" was added. Hispanic or Latino of any race includes students who may have been previously counted in other groups. Therefore, data from fall 2010 forward are not comparable to previous years.
