* Projected enrollments assume that the number of students (within school or college) in fall 2011 who matriculated but will not enroll will be similar to fall 2010. Preliminary numbers reflect enrollment as of August 8, 2011

** Academic indicators are reported according to the school or college affiliation of the major to which the student had enrolled as of August 8, 2011.

As the projection indicates, the actual number of enrolled students will be lower. SAT and GPA may drop slightly.

Approximately 250 students submit ACT scores.

Note. High School rank is a percentile scale with 0 representing the top of a class and 99 the bottom. Numbers are reported for less than half of the entering class.
