MARCH FOR SCIENCE WESTERN MA
An official Satellite of the March for Science in DC
(one of hundreds of marches worldwide)

When: Earth Day; **April 22, 2017, 10 AM**
Where: **Kendrick Park to Town Common**, Amherst, MA

We are local scientists and citizens passionate about moving science to its rightful place at the center of our culture and society.

At 10AM on Earth Day, April 22, we will gather at Kendrick Park in Amherst, MA to show our passion and support for science. We will then march to the Town Common to join the Amherst Sustainability Festival. Join us at the main demonstration tent for real-world science talks and demonstrations as our local scientists lead fun and exciting “teach-ins”. We will also have all-day activities and information at our booth.

Follow us on Facebook:
