* In Fall 2015, students applied as "undeclared" majors; however, they were no longer admitted as undeclared. Instead, students were placed into one of the exploratory track programs within the school and colleges. There were still some applicants in Fall 2016 as well.

Note A. Some academic units have restricted the number of entering students, and many applicants are offered an alternate major. In the majority of cases, the alternate acceptance and enrollment figures do not represent acceptance or enrollment into that school or college, but acceptance or enrollment into the exploratory track program or an alternate major chosen by the student.

Note B. Data are based on current organizational structure of academic units and departments. Data for the previous year have been adjusted to reflect all changes.
