Education:

B.S. Michigan State University (with high honor), 1976; Public Affairs Management
M.S. University of Wisconsin-Madison, 1980; Economics
Ph.D. University of Wisconsin-Madison, 1984; Joint degree in Agricultural Economics and Economics

Professional Positions:

2006-Present Chairperson, Department of Resource Economics, University of Massachusetts Amherst.
2006-Present Associated Graduate Faculty, Department of Food, Agricultural, and Resource Economics, University of Guelph.
1994-Present Professor of Resource Economics (Industrial Organization and Food Quality Economics), University of Massachusetts Amherst.
1989-1994 Associate Professor of Resource Economics (Food Marketing), University of Massachusetts Amherst.
1984-1989 Assistant Professor of Agricultural and Resource Economics (Food Marketing), University of Massachusetts Amherst.
1976-1983 Research Assistant, Agricultural Economics, University of Wisconsin-Madison.

Current Research Activities:

1989-Present Member of Research Team at the Food Marketing Policy Center, University of Connecticut and University of Massachusetts. Research focuses on understanding the operation of domestic and international food systems, with particular interest in the economics of food quality (especially safety and nutrition), international trade, and food labeling. Current research projects focus on multi-factorial risk prioritization for foodborne pathogens; the impact of higher safety standards in developed countries on exports from developing countries; the economics of traceability and certification for food quality attributes such as safety and the use of genetically modified organisms; and the effectiveness of labeling and advisories in influencing consumer behavior. <http://www.fmpc.uconn.edu/>

2003-Present Member of the Food Safety Research Consortium (FSRC). The Food Marketing Policy Center at the University of Massachusetts is a founding member of FSRC, which was formed to develop improved risk analysis and analytical tools for food safety decision-making, priority setting, and resource allocation. For members and research program see: <http://www.thefsrc.org/>

Awards:

- 2009 Fulbright Distinguished Lectureship at the Università degli Studi della Tuscia (University of Tuscia), Viterbo, Italy, April-June.
- 2005 Presenter of the 2nd Annual Kenneth R. Farrell Distinguished Public Policy Lecture at the Ontario Agricultural College, University of Guelph, Canada, December 2005.
- 2005 Distinguished Faculty Lecture Series and Recipient of the Chancellor's Medal, University of Massachusetts Amherst. Delivered a lecture titled "A Food Scare a Day: Why Aren't We Better at Managing Dietary Risks?" on February 28, 2005 and received the Chancellor's Medal, the highest honor bestowed on individuals for exemplary and extraordinary service to the university.
- 2002 Certificate of Achievement for Outstanding Research Contributions, College of Food and Natural Resources, University of Massachusetts Amherst.
- 1997 Distinguished Member Award, Northeastern Agricultural and Resource Economics Association.
- 1992 Outstanding Teaching Award, College of Food and Natural Resources, University of Massachusetts Amherst.

Professional Activities:

The National Academies

- 2009-1010 Member of The National Academies, Institute of Medicine, Committee on *Review of the Food and Drug Administration's Role in Ensuring Safe Food*.
- 2005-2010 Appointed member of the *Food Forum* sponsored by the Institute of Medicine, National Academy of Sciences.
- 2005-2006 Member of the National Academy of Sciences, Institute of Medicine, Committee on *Nutrient Relationships in Seafood: Selections to Balance Benefits and Risks*. Report *Seafood Choices: Balancing Benefits and Risks* issued by The National Academies Press in 2007.
<http://books.nap.edu/catalog/11762.html>
- 2001-03 Member of the National Academy of Sciences, Committee on the *Implications of Dioxin in the Food Supply*. Report *Dioxins and Dioxin-like Compounds in the Food Supply: Strategies to Decrease Exposure* issued by The National Academies Press in 2003.
<http://books.nap.edu/catalog/10763.html>
- 1998-99 Steering Committee Member for Conference on *Incorporating Science, Economics, Sociology, and Politics in Sanitary and Phytosanitary Standards in International Trade*, Board on Agriculture and Natural Resources, National Research Council, National Academy of Sciences, Irvine, California, 25-27 January 1999.

Other Professional Activities

- 2002-Present Editor, Working Paper Series, Department of Resource Economics, University of Massachusetts Amherst.
- 2002-2003 Consultant to the Pew Initiative on Food and Biotechnology on information, traceability, and labeling policy issues related to foods produced with and without modern biotechnology.
- 1989-2002 Chair of Northeast Regional Research Project No. 165: *Private Strategies, Public Policies, and Food System Performance*. Project included over 100 researchers from 9 countries, 29 state universities, 8 units of the United States Department of Agriculture,

- the Food and Drug Administration, and several cooperating institutions and agencies. Organize research, conferences, symposia, and briefings.
Archive: <http://www.umass.edu/ne165/>.
- 2000 Visiting Scholar, Department of Applied Economics, University of Minnesota (January-June).
- 1999 Participant in Advanced Seminar on the *Implementation and Economics of HACCP-Based Systems in the Fishery Industry*, United Nations, Food and Agriculture Organization. Hirtshals, Denmark, 23-28 August 1999.
- 1999 Participant in FAO Expert Consultation on the *Trade Impact of Listeria in Fish Products*, Amherst, Massachusetts, USA, May 1999.
- 1996-97 Consultant to the Directorate for Food, Agriculture, and Fisheries of the Organization for Economic Co-operation and Development, Paris, on regulatory reform issues related to food labeling regulation and food safety.
- 1993 Visiting Scholar, Department of Agricultural Economics, University of California at Davis (January-June).

Teaching Experience:

- 2009 Fulbright Lecturer at the Università degli Studi della Tuscia (University of Tuscia), Viterbo, Italy. Taught Master's course on the Economics of Food Quality and Ph.D. course on Multi-Factorial Risk Management in the Food System: Integrating Economics into Decision-Making.
- 2008-Present Co-Faculty Advisor to the Resource Economics Society (R.E.S.), the Club for Resource Economics Undergraduates.
- 2008-09 Faculty Mentor in the General Education Teaching with Instructional Technology (GET with IT) Program for General Education Fellows at the Center for Teaching, University of Massachusetts Amherst.
- 2004, 06, 08 Instructor in 1-week seminar on Multinational Case Studies at the International Centre for Advanced Mediterranean Agronomic Studies (CIHEAM), Zaragoza, Spain, March-April.
- 2006 University of Massachusetts, Center for Teaching Grant: Improving the Quality of Dialogue: Better Questions and More Interesting Answers. Development of pre-lectures and in-class questions/dialogue using personal response systems.
- 2003, 05 Instructor in 1-week Advanced Course on *Quality Assurance in Agro-Food Marketing: Normatives, Systems, and Business Implications* at the International Centre for Advanced Mediterranean Agronomic Studies (CIHEAM), Zaragoza, Spain, March.
- 2001-2002 Faculty Advisor to Resource Economics Association (Undergraduate Club).
- 2001 Instructor in 1-week course on the *Economics of Food Safety* at the Università degli Studi di Napoli Federico II, Dipartimento di Economia e Politica Agraria, Portici, Italy, June.
- 2000-2001 Faculty Mentor, Lilly Teaching Fellows Program, University of Massachusetts.
- 1999 Instructor in 1-week course on the *Economics of Food Safety and Nutrition* at the International Centre for Advanced Mediterranean Agronomic Studies (CIHEAM), Zaragoza, Spain, November.
- 1998-1999 Advisor for Senior Honors Thesis of T. Robert Fetter on *Economic Impacts of Alternative Scenarios of Organic Products Regulation*.
- 1998 Instructor in 2-week course on the *Economics of Food Safety* and research consultant at the Universidade Estadual de Campinas, Brazil, July.
- 1996 Instructor in 2-week graduate course on the *Economics of Food Safety* at the Instituto di Economia Agroalimentare, Università Cattolica del Sacro Cuore, Piacenza, Italy, May-June.

- 1996-Present Department Internship Coordinator.
1995-1996 Faculty Mentor, Lilly Teaching Fellows Program, University of Massachusetts.
1995-1998 Faculty Advisor to Resource Economics Association (Undergraduate Club).
1994 Instructor in 3-week graduate course on *The Regulation of Business Practices in a Market Economy* at the Polish-American Summer School in Economics, Poznań, Poland, July.
1989-1992 Graduate Program Director, Department of Resource Economics, University of Massachusetts at Amherst.

Undergraduate Courses:

Hunger in a Global Economy: Introductory level course that explore the causes of hunger (chronic undernutrition) from an economic perspective. Focuses on how population growth and economic development are increasing demand for food and the prospects for food production to supply those needs at affordable prices, while sustaining the environment. Discussion is set in the context of our global economy where increased trade links even the poorest urban and rural residents in developing countries to market forces. Meets University General Education for Social and Behavioral Sciences and carries the Global Diversity designation. <http://www-unix.oit.umass.edu/~resec121/>

Industrial Organization in Resource Economics: Junior/senior level course examining markets, their structure, the strategies used by firms involved in the markets, and the overall economic performance of markets. Topics include competition, market power, game theory, product differentiation and advertising, barriers to entry and exit, mergers, firm rivalry, competitive strategies including price and nonprice strategies, and market performance.

Public Policy in Private Markets: Junior/senior level course and associated Honors colloquium on the rationale for and structure of public policies that affect the operation of private markets in the U.S., with special emphasis on consumer goods industries. Focus on antitrust and competition policies (e.g., those covering collusive restraints of trade, monopolization, and mergers) and on policies that affect product quality and information (e.g., product standards, regulation of advertising and labeling).

Food Merchandising: Junior/senior level course explores the development and implementation of merchandising strategies by food processors, wholesalers and retailers. Analysis of consumer demand for food, processors' branding and promotional strategies, and retail store formats. Emphasis on industry use of information technology, food distribution channels, mechanics of merchandising (buying, pricing, and display), and future trends.

Graduate Courses:

Industrial Organization I in Resource Economics: M.S. and Ph.D. course developing and applying the tools of industrial organization and strategic management theory to the U.S. food system.

Industrial Organization II in Resource Economics: Team taught Ph.D. course featuring use of advanced industrial organization and related models for analysis of horizontal markets and vertical channels of distribution in the food marketing system. Topics include market entry, spatial competition, price discovery and transmission, and vertical restraints of trade.

Seminars and Symposia Participation:

A Multi-factorial Approach to Risk Prioritization. Presentation at symposium on Food Safety Risk Ranking and Cost Analysis along the Domestic and International Supply Chains. Annual meeting of the American Agricultural Economics Association, Milwaukee, Wisconsin, July 2009. Webinar at: http://live.blueskybroadcast.com/bsb/client/CL_DEFAULT.asp?Client=122&PCAT=760&CAT=1511.

The Economics of Standards, Certification, and Quality Signaling: Where is the Market and Regulatory Oversight Going?

- Invited INEA (Istituto Nazionale di Economia Agraria)/Associazione Rossi-Doria Presentation at University of Rome 3, Italy, June 2009.
- Invited Presentation at Centro per la Formazione in Economia e Politica dello Sviluppo Rurale di Portici (Center for Advanced Training in Economics and Policy for Rural Development), Portici, Italy, July 2009.

Standards and Labeling as Barriers versus Catalysts for Exports from Developing Countries. Invited Presentation at the United Nations Food and Agriculture Organization, Rome, Italy, May 2009.

A Multi-factorial Approach to Risk Prioritization. Invited presentations at:

- Facoltà di Agraria (Faculty of Agriculture), Università degli Studi di Foggia, Italy, June 2009.
- Facoltà di Scienze Statistiche (Faculty of Statistics), Università di Bologna, Italy, April 2009.
- Centro per la Formazione in Economia e Politica dello Sviluppo Rurale di Portici (Center for Advanced Training in Economics and Policy for Rural Development), Portici, Italy, November 2008.

A Multi-factorial Approach to Risk Prioritization. Presentation to Committee on Ranking FDA Product Categories Based on Health Consequences, Phase 1, Board on Environmental Studies and Toxicology of the National Academies, Washington, DC, October 2008.

Roles & Responsibilities of Industry and Government in Managing Relationships with Global Food Suppliers. Presentation at Workshop on Managing Food Safety Practices from Farm to Table, Food Forum, Institute of Medicine of the National Academies, Washington, DC, September 2008.

Multi-Factorial Risk Prioritization Frameworks for Foodborne Pathogens. Seminar presented to United States Department of Agriculture—Food Safety and Inspection Service (USDA-FSIS), U.S. Food and Drug Administration—Center for Food Safety and Applied Nutrition (FDA-CFSAN), and United States Department of Agriculture—Animal and Plant Health Inspection Service on June 23 and 24, 2008 by Juliana Ruzante, Valerie Davidson, John Cranfield, and Julie A. Caswell.

Creating an Active Learning Environment: Discussion Strategies for Large Classes. Presentation on General Education Teaching with Instructional Technology (GET with IT) Fellows Program, University of Massachusetts Amherst, Co-sponsored by the Provost's Office, OIT Academic Computing, and the Center for Teaching, June 2008.

How I'm Using SPARK in "Hunger in a Global Economy." Presentation on using SPARK in large classes, University of Massachusetts Amherst, SPARK Community of Practice. November 2007.

A Multi-Factorial Risk Prioritization Framework for Foodborne Pathogens. Seminar presented at Sup AGRO-INRA-University of Montpellier, France. June 2007.

A Multi-Factorial Risk Prioritization Framework for Foodborne Pathogens. Presentation to the Workshop on Integration of Macro and Micro Cost-Benefit Analysis Regarding Food Safety Regulations and Beyond. University of Bonn, Germany, June 2007.

Why Aren't We Better at Managing Risk/Benefit Tradeoffs? Seminar presented at the Department of Agricultural Economics, University of Nebraska-Lincoln, January 2006.

A NAFTA Approach to Animal Health and Biosecurity: Pipe Dream or Possibility? Seminar presented with David Sparling to the Risk Analysis and Animal Health Policy Roundtable, Texas A&M University, May 2005.

- What is the Most Effective Way to Produce Food Safety?* Seminar in the INFORMS (Institute for Operations Research and Management Science) Series, Isenberg School of Management, University of Massachusetts, October 2004.
