

Bernard J. Morzuch

Curriculum Vitae

January, 2003

Department of Resource Economics

University of Massachusetts

Amherst, Massachusetts 01003

(413) 545-5718

e-mail: morzuch@resecon.umass.edu

Employment

Professor: 1988-present

Associate Professor: 1983-88

Assistant Professor: 1978-83

Research Associate: 1975-78

Department of Resource Economics

University of Massachusetts, Amherst

Department of Agricultural Economics

University of Wisconsin, Madison

Education

Ph.D. Agricultural Economics, 1977 University of Missouri, Columbia

M.B.A., 1972

Southern Illinois University, Carbondale

B.A. Economics, 1970

St. Procopius College, Lisle, Illinois

Professional Organizations

American Agricultural Economics Association

Northeastern Agricultural and Resource Economics Association

International Society of Forecasters

Honors and Awards

Hewlett Teaching Fellows Award for the Improvement of General Education, 2001

National Teaching Award, National Association of State Universities and Land-Grant
Institutions, 1998

Mentor, Lilly Teaching Fellow Program, University of Massachusetts, 1989-90

Distinguished Teaching Award, University of Massachusetts, 1986-87

Publications

Over 50 publications, including several manuals in statistics released by Addison-
Wesley, major research monographs and completion reports presented as experiment
station and extension bulletins, and articles in the following refereed journals:

Advances in Quantitative Analysis of Finance and Accounting

American Journal of Agricultural Economics

American Journal of Alternative Agriculture

Economics of Transition

International Journal of Forecasting

Journal of Applied Meteorology

Journal of Economic Entomology

Journal of Forestry

Northeastern Journal of Agricultural and Resource Economics

Teaching and Advising

Taught approximately 8,000 undergraduate and 300 graduate students at the University of Massachusetts and 250 undergraduate students at the University of California-Davis.

Undergraduate Courses Taught

Introductory Microeconomics
Introductory Statistics
Econometrics
Managerial Economics

Graduate Courses Taught

Production Economics
Forecasting Methods and Applications
Topics in Advanced Econometrics
Agricultural Marketing

Other Courses Taught

Three-week course (July, 1995) in managerial economics and forecasting methods for 30 assistant professors in economics from universities throughout Poland. Conducted at the Polish-American Summer School in Economics near Poznan, Poland. (U.S.I.A. funding). Two-week courses were conducted again in 1999 and in 2000.

Introductory statistics short courses for environmental engineers throughout Massachusetts and Connecticut. Conducted in 1997, 1998, and 1999.

Thesis/Dissertation Committees

Chair or Co-Chair 12 M.S.
 7 Ph.D.

Member of Committee 25 M.S.
 55 Ph.D.

Undergraduate Advising

Academic Advisor 15 Undergraduate Students

Research Activities

Current Research And Graduate Student Supervision

An Evaluation of Supply and Demand for Nurses in Massachusetts
Electricity Load Forecasting and Forecast Error Distribution Modeling
Econometric Time-Series Modeling

Grants and Contracts

Co-principal investigator on "The Large-Lecture Course Redesign Project." Davis Foundation. 2002-2003. Amount \$30,000.

Co-principal investigator on "An Evaluation of Supply and Demand for Nurses and Other Allied Health Professionals in the Commonwealth." Center for Health Professionals, Worcester State College. 2001-2002. Amount \$98,962.

Contract. Massachusetts Department of Environment Protection. Economics of Electronics Recycling: A Value-Added Approach. 1998-1999. Amount \$3,000.

Contract. Paraguayan government. Econometric Model of the Paraguayan Macroeconomy. 1997-1998. Amount \$10,000.

Co-principal investigator on U.S.D.A., E.R.S. Cooperative Agreement titled "Production Function Estimation With Pest Tolerant Response." 1992-1995. Amount \$12,650.

Co-principal investigator on Low Input Sustainable Agriculture (LISA) grant titled "Alternative Strategies for Cranberry Production in the Northeast." 1990. Amount \$61,300.

Co-principal investigator on UMass/NOAA Cooperative Marine Education and Research Program grant titled "Multivariate Models for Optimizing Age Sampling." 1990. Amount \$6,853.

Co-principal investigator for grant from The Department of Revenue, Commonwealth of Massachusetts on "The Estimation of Farm Land Values in Massachusetts." April 1989. Amount \$37,360.

Principal investigator for grant from The New England Fisheries Development Foundation to explore "The Economic and Marketing Feasibility of Fish Hydrolysate Fertilizer on Agricultural Crops in New England." January 1988. Amount \$7,000.

Principal investigator for grant from USDA Forest Service on "Evaluating Forest and Inventory Analysis Data for Air Pollution Impact Assessment Studies." April 1987: Amount \$12,000. May 1988: \$2,000.

Principal investigator for grants from Ocean Spray Cranberries, Inc. titled "Effects of Weather on Cranberry Yields." June 1979, amount \$4,000; December 1980, amount \$5,000; May 1982, amount \$8,000; May 1983, amount \$8,000; May 1984, amount \$8,000; May 1985, amount \$8,000.

Principal investigator for grant from Extension Service, USDA on "Developing a Crop Insurance Program for Cranberry Growers as a Possible Tool for Risk Management." August 1983. Amount \$51,600.

Award from Extension Service, USDA as a supplement to "Developing a Crop Insurance Program as a Possible Tool for Risk Management." July 1984. Amount \$5,531.

Principal investigator for grant from Federal Crop Insurance Corp., USDA on "Analyzing the Feasibility of a Program of Insurance on Cranberries and the Identification of Other Feasible Programs for the New England Area." July 1983. Amount \$7,400.

Co-principal investigator for grant from Agricultural Cooperative Service, USDA titled "Economic Consideration Involved in Forming Fruit and Vegetable Cooperatives in New England." June 1982. Amount \$25,000.

Co-principal investigator for grant from Penn State University titled "Assessment of Pesticide and Plant Growth Regulator Use for Chrysanthemums." April 1982. Amount \$15,840.

Principal investigator for grant from Agricultural Cooperative Service, USDA titled "Economic Consequences of Wood Fiber Producers' Cooperatives Facing Imperfect Markets." October 1980, Amount \$17,000.

Co-investigator for grant from Penn State University entitled "Eggplant and Crop Loss Assessment: Benefits of Carbaryl and Alternative Control Strategies for Controlling Colorado Potato Beetle." February 1980. Amount \$20,025.

Service Activities

Department Committees

Honors Program Coordinator 1994-2002
Undergraduate Curriculum 1978, 1989-1995
Social 1978, 1979, 1980
Graduate Program Director 1983, 1984, 1985
Graduate Studies Committee 1979, 1980, 1981, 1982
Stat Lab Policy and Supervisory 1978, 1979, 1981, 1982
Research 1982
Personnel 1982, 1983
Extension 1983, 1986, 1987, 1988

College Committees

College Personnel 1998-2002
Distinguished Teaching Award Selection 1991
Academic Honesty 1982, 1983
Faculty Development for Teaching 1988
Integrated Pest Management Steering 1982, 1983, 1984, 1985
Lotta Crabtree Scholarship 1987-1998

University Committees

Statistics Program Steering 1995-1998
Distinguished Teaching Award Selection
Teacher Evaluation and Improvement 1981, 1982, 1983

Professional Committees

NAREA Outstanding Masters Thesis Award Program 1984

Referee For

American Journal of Agricultural Economics
Agricultural and Resource Economics Review
Journal of Applied Meteorology
Western Journal of Agricultural Economics
Journal of the American Society for Horticultural Science
Grant Applications: National Science Foundation
