SDI activities serve undergraduates, graduate students, postdoctoral fellows, and faculty in all STEM departments.

_for Students from Underrepresented Groups_

- First-Year Fellowships for Ph.D. students in STEM disciplines
- Travel funds for STEM Ph.D. students
- One-year Post-baccalaureate Research Education Internships to prepare students for STEM Ph.D. programs
- Stage-specific professional development workshops for Ph.D. students

_for UMass Amherst STEM Faculty_

- Visiting Partner Summer Fellowships for junior faculty from minority-serving institutions to facilitate collaborations with UMass Amherst faculty
- Partnerships with graduate programs to conduct on-campus Graduate Preview Weekends for students from underrepresented groups
- Assistance with developing Broader Impacts projects for federal grant proposals
- Opportunities to recruit at conferences attracting large numbers of students from underrepresented groups

“developing new strategies to diversify the STEM workforce”
