The General Education Council recommends several courses for General Education designation. Two courses are recommended for designations that have been in existence since the General Education program was implemented in 1986 (HS and BS). The other courses are recommended for the new Social & Cultural Diversity designations that will be in place beginning in Fall 2002. The "U" designation indicates that a course focuses on Social & Cultural Diversity in the United States; the "G" designation indicates that a course focuses on Social & Cultural Diversity in Global perspective.
