Announcements

New Business

1. International Scholars Program certificate proposal.

2. Policy Committee
   a. General Studies Honors for students in grandfathered class years
      Courses should be equivalent to the class of 2014 requirements and must avoid using the word “substitute” when choosing alternate courses for students.

   b. Residency requirement
      The advisability of initiating a CHC Residency Requirement was discussed. Since the classes of 2012-14 are “grandfathered” into subtly different Honors requirements, suggestion was made to wait until some of the students from the classes of 2012-14 have graduated and CHC is in its new space before re-studying this issue.
