Criterion Child Enrichment specializes in providing developmentally appropriate programs and support services for young children and their families. We offer community-based early intervention, early childhood education and newborn home visiting programs.

The Criterion Early Intervention programs are designed to serve children between birth and three years of age who exhibit or are at risk for developmental delays. Early Intervention staff include developmental educators, speech pathologists, physical therapists, occupational therapists, registered nurses, social workers and psychologists. Criterion sponsors eight early intervention programs in Boston and suburbs as well as Central and Western Massachusetts. Internship opportunities are available for all disciplines and at our Milford, South Hadley, Framingham, West Roxbury, Malden, Woburn, Gardener and Worcester locations.

For further information, please contact the Director of Early Childhood Operations or go to www.criterionchild.com to apply online.
