DEPARTMENT OF THEATER

TRAVEL, RESEARCH & OUTSIDE ACTIVITIES PROCEDURES
Below are the necessary steps required for all research and professional development activities.

- **During the academic year**, complete the [Prior Approval of an Outside Activity Form](#) and electronically submit to the Department Chair for approval six weeks prior to research activities and/or travel. An electronically signed decision will be returned to the faculty member in a timely manner.

- **During the summer**, follow the same steps for sponsored and university funded research activities and/or travel. We strongly encourage this same procedure for non-sponsored and university funded activities when an activity requires extended travel.

- Please review all live links and complete all check boxes prior to submitting for approval.

- If approved, an [Online Pre-Travel Form](#) must be sent to the Department Chair, at least one week prior to travel.
RESEARCH & OUTSIDE ACTIVITIES

A university **Citibank Travel Card** is required for all university and department funded travel and business meals.

If research and/or travel activities are supported through university or department funding, a reconciliation with receipts must be submitted to the Business Office within 72 hours from date of return. Any delay in reconciling travel paperwork could impact an individual’s Citibank Travel Card status.
