### **Eyes on the fly: UHS adds on-site lens services**

AMHERST, Mass. – Wait no more – Eye Care Services at UMass Amherst’s University Health Services (UHS) now offers same or next-day service on most eyewear prescriptions and lenses.

New on-site lens fabrication services let you bring in a prescription from any eye doctor, pick a frame from the many designer options available, and be seeing well and looking great in no time. No prescription? No problem! Eye Care Services offers complete eye exams; for an appointment, call (413) 577-EYES.

The computerized lab from Essilor Instruments brings the latest eyewear manufacturing technology to campus. Today’s sophisticated lens materials and stylish frames require precision handling; in-house processing gives UHS’ eye care professionals complete control over quality and fit.

Eye Care Services provides expert routine and emergency eye care; contact lens evaluation, fitting and convenient online ordering; eyewear for everyday, fashion, sports and work; and care before and after laser vision surgery. Located on UHS’ second floor at 150 Infirmery Way, services are available to Five Colleges students, faculty and staff. Learn more at [www.umass.edu/uhs/services/eyecare](http://www.umass.edu/uhs/services/eyecare).

UHS is UMass Amherst’s fully accredited campus health center, offering comprehensive care, education and referral services for students, faculty and staff. For more information, visit [www.umass.edu/uhs](http://www.umass.edu/uhs), or call (413) 577-5000.
