CAN YOU IDENTIFY YOUR PROPERTY?

Help us protect you—register your property now!
WHY YOU SHOULD REGISTER?

- Every year many items are lost or stolen on campus.
- Project Protect will help us identify property recovered during an investigation or search warrant as well as items that are routinely collected in "lost and found" departments across campus.
- Information about the owner is rarely available on these items.
- Registering your valuables gives us several ways to reconnect you with your lost or stolen property.

HOW TO REGISTER?

- Go to http://www.umass.edu/umpd/projectprotect/
- Login with your Net ID.
- Follow the instructions and enter your property into the registry.
- A property decal will be mailed to you following your registration.
- If your item is lost or stolen report it to UMPD 413-545-2121 and let them know it was registered.
