Falling Behind? Tutoring can help you catch up!
Tutoring and academic support are great tools to improve academic performance. They can provide an informal atmosphere, one-on-one attention or small group instruction, and identification of learning problems.¹

Offers UMass Amherst students a peer-supported environment to meet academic challenges.

Other Resources

Many colleges offer tutoring. Check with your college to see if they have anything to offer. If you’re a student athlete, there is also tutoring available. Check with the Athletics Department (www.umass.edu/sas/).
Can’t Concentrate? Think you could have ADD/ADHD?
ADD (Attention Deficit Disorder) and ADHD (Attention Deficit Hyperactivity Disorder) are developmental disorders characterized by developmentally inappropriate degrees of inattention, overactivity, and impulsivity. There are difficulties typically associated with deficits in maintaining a consistent pattern of work performance over time.²

Study Hints

1. Study in a place that is free of distractions. Have ready all the things you will need.

2. Study at a time when you are alert and not hungry or sleepy.

3. Set a goal for each study period.

4. Don't wait until the last minute to study!
5. Repetition is key! Read and reread your class notes and the relevant chapters in the textbook.

6. While you are reviewing your notes, cover them up periodically and summarize them out loud. Pretend that you are explaining the material to someone else.

7. Do any practice exams or study sheets provided by the teacher.
8. Create your own study aids. You could make an outline, a timeline, flashcards, or your own quiz or test.

9. Get help from the teacher if you do not understand something.³
