### **Processing Procedure:**

**For UMass Students** – Forward completed Invoice, Participation Agreement and PSC Payment Financial Aid form to [pscdocs@admin.umass.edu](mailto:pscdocs@admin.umass.edu). These will be reviewed for funding and time availability of the chart string funding source. Travel and Subsistence reimbursements, if allowed, can be processed this way also. Forward scanned backup receipts to [pscdocs@admin.umass.edu](mailto:pscdocs@admin.umass.edu) with the completed Invoice, Participation Agreement and PSC Payment Financial Aid form.

Payments for enrolled UMass students are processed through Financial Aid and will not change any other aid for the academic year. Once the forms are received in Financial Aid the student may see the credit on Spire within two to three business days. Students with no outstanding balance due will be paid through Student Financials and directly deposited into the student’s bank account. While most students are enrolled in Excess Express, you may want to advise the student to be sure they are enrolled to facilitate the payment process.

**For Non-UMass Students** – please refer to the job aid for Direct Payment Form in BuyWays: [https://www.umass.edu/controller/sites/default/files/New\\_Direct\\_Payment\\_Form.pdf](https://www.umass.edu/controller/sites/default/files/New_Direct_Payment_Form.pdf).

Use Vendor Number assigned by Accounts Payable after submitting W-9, or a W-8 thru the Glacier system.

The

completed Invoice and Participant Agreement will be attached in BuyWays. The Grant Accountant will verify funding and time availability and approve for processing. **All payments are paid on account number 788100.** To reimburse Travel or Subsistence use account code 734241 (only if budgeted). Attach scanned reimbursement receipts in BuyWays as needed.
