

Climate Conversation Guidelines:

➤ **Speak your truth**

- share from your own experiences

➤ **Seek to understand**

- Actively listen, before responding

➤ **Respect other's experience**

- We can be similar contexts and have similar and/or different from stories to share

➤ **Disagree without discord**

- Disagreement is expected, goal is to approach with curiosity instead of argument

➤ **Share the air**

- Making room for all voices to be heard
- Not dominating conversation time

➤ **Confidentiality**

- Appropriate Sharing – sharing story/experience, not naming all particulars
- Not sharing other's stories in disrespectful ways
