

Research, Educational Measurement, and Psychometrics Ph.D
Students End-of-Year Progress Report

Please submit a copy of this completed report to your advisor and to the concentration chair,
Stephen G. Sireci (sireci@acad.umass.edu), by **May 30**.

Progress Report for Academic Year: _____

Student Name: _____ Email: _____
Date of Submission: _____ Phone: _____
Semester of Entry: _____ Committee Chair: _____

1. **Courses taken and grades earned for Summer, Fall, and Spring:**

2. **Project Activity.** List any REMP projects that you have worked on for the academic year include your primary responsibilities and the total number of hours worked on each project.

3. **Progress Statement:** *What were the goals you made as you began the academic year? Reflect on the progress you made this academic year in light of last year's goals.* Did you meet your goals to your satisfaction? If not, what prevented you from meeting those that you did not meet?

4. **Progress on D-2, comprehensive exam, dissertation proposal and dates of completion/expected completion.** (Include *all* papers. You may also offer observations regarding your progress that you think are appropriate.)

5. **Conferences, professional meetings, workshops attended and nature of participation** (e.g., attendance only, paper presentation, chair of session, discussant).

6. **List research presentations made at conferences and professional meetings** (use APA style and include *all* authors *in order of authorship*).

7. **List articles, book chapters, reports, reviews and other publications** *published, in press, or in progress*.

8. **Teaching activities completed.**

9. **Service activities to the concentration, department, school, university, community, and profession.**

10. **Additional funding sources.** Describe any additional sources of funding for the academic year including any assistantships/scholarships you received and/or outside employment you held (optional).

11. **Other activities pertinent to progress as a doctoral student.**

12. **Goals for next academic year.** Write a narrative outlining your goals for next year and explaining how you hope to meet them. If appropriate, explain any impediments you foresee that may stand in the way of you meeting these goals.
