

## DECLARATION OF AN ACADEMIC MINOR

Academic Minors are declared when the course work for the minor has been completed by the student (or, in the semester prior to the student's graduation, if course work related to the minor is being completed in his/her final semester). To declare a minor, students should:

- Submit this form **with a copy of your unofficial transcript** to the Education Advising Center, 120 Furcolo Hall.

The Education Advising Center is responsible for reviewing your transcript and certifying that all requirements are met. Once approved, the declaration form will be processed in SPIRE and the Registrar's office. Processing takes one to two weeks once final grades are received. If there are any problems in terms of meeting requirements, you will be contacted via email.
