MIE 496

MIE 396

MIE 296

Used for (e.g., IE or ME Technical Elective or credit only):

Students may complete only one Independent Study to satisfy an ME or IE technical elective requirement. A 20-page technical report is required for the Independent Study course in order to receive technical elective credit. Commonwealth Honors College (CHC) students are not permitted to use an independent study as a technical elective.

MIE students should complete this form in consultation with their independent study supervisor. Once you complete this form up to the signature section, send the form to Kevin Romani (kromani@umass.edu), who will acquire the signatures and register you for a spring or fall independent study. Summer independent studies also require this form, but the student must register through UWW. *(late requests must be submitted with a course change form requesting a late add for the independent study).*
