Graduate Student Residency Reclassification: Eligibility Worksheet

This worksheet is intended to help graduate students determine if they qualify to submit a request for a residency reclassification. It may also assist potential students in determining whether or not they will be accepted as an in-state or out-of-state student upon admission. *Incoming students do **NOT** need to complete this worksheet unless directed to by Graduate Admissions.*

Keep in mind that in-state status is based on both citizenship/immigration status and fulfilling the state requirements. If your answer to any question brings you to a statement that you do not qualify for in-state status, it is likely an indicator that a request for a reclassification will be denied.

All questions, or any clarifications, should be posed to gradrec@grad.umass.edu or call the Graduate Student Service Center at 413-545-0722.

How to submit application and documentation:

Section 1: Citizenship Status

- A. Are you a U.S. citizen or permanent resident? Yes, proceed to Section 2
 No, proceed to next question (section 1B)
- B. Have you been granted DACA status (Deferred Action for Childhood Arrivals)?
- YES, proceed to Section 2, and refer to page 6 for list of Supporting Documents
- NO. To see if you status may qualify for in-state consideration, refer to the MA Board of Higher Education's [Illustrative List of Documents](#) establishing lawful immigrant status. If you believe you qualify, please submit the relevant document from the list to prove your status and proceed to Section 2. The Illustrative List contains potentially eligible immigration statuses; the student still must meet the state requirements to qualify for in-state status. If you hold a citizenship/immigration status other than those in the illustrative list, you do not qualify for in-state student status.

Section 2: Sources of Financial Support

- A. Are you at least 18 years old **and** financially independent from your parents/legal guardians?
- YES, you are considered *emancipated*, proceed to Section 3.
- NO, you are considered *unemancipated*.
- To what extent did a parent/guardian contribute to your financial support in the past 12 months:
_____ % of support.
- Were you claimed as an exemption by anyone on the most recent federal income tax return?
 Yes (Name/relationship: _____) No
- Once you've completed this question, proceed to Section 3.
- B. If you are less than 18 years of age, are you legally married, have no parents, or your parents have no LEGAL obligation to support you?
- YES, you are considered *emancipated*, proceed to Section 3.
- NO, you are considered *unemancipated*, proceed to Section 3.

Section 3: Physical Residence in MA

If emancipated: Did you reside in Massachusetts for at least 12 months, as a non-student, prior to beginning your higher education?

If unemancipated: Have your parent(s)/legal guardian(s) resided in Massachusetts for at least 12 months prior to you beginning your higher education?

YES. If Yes, but you were accepted as an out of state student, there could be something in your record which conflicts with an in-state student designation. We can investigate that for you, and determine either

(a) the reason why you don't meet the qualifications based on all of the information you provided in your application for admission, or

(b) what documentation you should submit for a residency reclassification request. Contact us for more information at gradrec@grad.umass.edu

NO. If *no, unless one of the exceptions detailed in Section 5 apply to you*, you do *not* qualify for in-state student status. Relocation to pursue studies automatically means you are considered to be in Massachusetts as a student. Residency for the purpose of in-state tuition classification, typically cannot be established while simultaneously enrolled in higher education.

- You are not eligible for in-state status unless one of the exceptions noted in section 5 apply and sufficient documentation is submitted.

Section 5: Eligibility Exceptions for In-state Residency Reclassification

- Marriage to a valid Massachusetts Resident who has been a MA resident for a minimum of 12 months prior to the student's enrollment
- Military (including spouse and dependents)
- Deferred Action for Childhood Arrivals (DACA) (one year of residence still applies)
- Full-time faculty, professional staff, and classified staff employees of the University of Massachusetts system
- Refugee/Asylum Status (one year of residence still applies)
