To view these videos you will be prompted for login using your NetID and password (the links will not work if you are not logged in). All programming is authenticated so that participation/completion can easily be coupled with any individual user's account in an LMS.

- **Video: Plagiarism** (3:32)
- **Video: Copyright** (3:21)

All videos, including instructions on how to embed (using LTI) into Blackboard or Moodle, can be found on the Libraries Information Literacy Modules Guide, bundled under **Academic Integrity as a topic**.

The overarching Libraries Information Literacy Modules Guide ([https://guides.library.umass.edu/InfoLitModules](https://guides.library.umass.edu/InfoLitModules)) is designed for instructors, providing an overview of the overall content, each individual component, and instructions on how to integrate that content into their courses. Any individual questions that instructors have when attempting to use this content are best directed to **Ask Us**.

Please contact **Sarah Hutton** (Head Student Success & Engagement in the library) if you have questions or would like additional information.
