Job Data

*Effective Date: 03/07/2018 End Date:

*Employee Group:

*Is this a Positioned Job?

When doing an extension of appointment, either DTA/RAP (reappointment) or REH/CON (rehire, connected service), it is important to select the correct start date. PeopleSoft posts effective the beginning of the business day. The same applies for system end dates; the day you want to select is the ePAF end date plus 1. Using the above as an example, ePAF has supplied an end date of 3/6/18, you would want to use 3/7/18 as the start date for your reappointment.

*Effective Date: 03/07/2018 End Date:

*Employee Group: Exempt

*Is this a Positioned Job? Yes

*Position Number: 00000056 Director Hospitality Services

Override Position Fields

Reports To Position Number:
00001996 Exec Dir Auxiliary Enterprises

Department: A974500 Conference Services

Job Code: RH00T General Mgr, Hotel&Conf Center **Full/Part Time** Full-Time

Location Code: BLDG0020 Campus Center **Regular/Temporary** Regular

Standard Hours: 40.00 **FTE:** 1.000000

Mail Drop ID: M08Z.Z13

In this case we are using a position, were we not, you would be able to change all of the areas that are grayed out. Below position number there is a check box to override position fields, please refrain from using this and instead contact Talent Management to update the position. The exception to this is going to be promotions, you will need to use the override functionality. Add Additional Components of Pay is how you will add and manage stipends.

Compensation Data

This is the employees current funding, A107054, 100%. ePAF is pulling this data from the employee's Department Budget Table. The begin date displayed will either be the beginning of the fiscal year or the employee's start date if that was within the current fiscal year. To change funding you would select Add Data Range, pictured below.

Changed	GL Combination Code	Fund Code	Department	Program Code	Project/Grant
1	<input type="checkbox"/>	A107054	51008	A870801000	L07

Add Date Range

Generate Sequences

A second funding box will be created below the first. To show what it will look like a funding grant was selected. Notice that nothing is entered in either the Earnings Code or Fund End Date spaces and that an amount was entered under Commitment Amount. This is a critical piece for grant routing.

Begin Date 07/01/2017

Changed	GL Combination Code	Fund Code	Department	Program Code	Project/Grant	Class Field	End Date	Earnings Code	Distribution Type	Percent	Commitment Amount	Fund End Date	Seq#	Key Value
1	<input type="checkbox"/>	A107054	51008	A870801000	L07				Percent	100.000	\$0.000		1	1

Add Date Range

Generate Sequences

Begin Date 03/07/2018
