

## CREDIT REQUIREMENTS

Minimum required credits and courses are 6 courses (18 credits).  
If the Foundation course is waived, a minimum of 5 courses (15 credits) is required.  
Spire does not track minor requirements; use this form to track your progress.

## IT MINOR FRAMEWORK

Courses for the IT Minor must be distributed across four categories:

**Foundation (x1)** - A comprehensive basis for IT

**Technical (x2)** - In-depth study of technical subject in programming, data management, or internet

**Broadened Inquiry (x1)** - IT in a broader context, such as public policy, historical, cultural, legal, or an area of theory and research

**Elective (x2)** - IT knowledge/skills applied to a specific field of study; may include extra technical or broadened inquiry courses

## OTHER REQUIREMENTS

Extra Broadened Inquiry and Technical courses may be used as satisfying Elective Requirements.

Electives can not be used to satisfy Broadened Inquiry or Technical Requirements.

Foundation courses cannot be used to satisfy any other category.

At least two of the courses used to complete the IT Minor must be taken outside of your major.

Students must have a minimum 2.00 cumulative GPA for courses applied to the minor and may only count one grade below a C (2.0) toward the minor.

## DOUBLE-DIPPING

No more than two courses used to fulfill the requirements of any one credential may be applied toward the fulfillment of another credential, wherein "credential" is defined as an academic program (major, minor, or certificate). Per University regulation, a course may only be applied to two credentials.
