**Student Check Sheet:  
 Graduate Certificate in Climate Change, Hazards and Green Infrastructure**

*Please submit this at the start of your program when you first meet the certificate advisor, and as you choose your courses. If you change electives, please see the certificate advisor prior to registering to assure they meet requirements.*

*For graduation, you must fill in the Graduate Certificate Eligibility Form with the Registrar’s Office, available here: <https://www.umass.edu/graduate/form/certificate-eligibility-form>, and then submit that to Kellie Nicholas, LARP Academic Programs Coordinator, who will forward it to the certificate advisor for approval. You will also send this to the certificate advisor as your final record.*

Student Name:

Current UMass or other program or non-matriculating:

Year certificate program begun:

Course number	Course name	When planned/ taken?
<b>Required courses</b>	<b>6 credits total</b>
